AMENDMENT IS ADOPTED

Cuban Constitutional Convention Accepted American Conditions.

WITH NO MORE DISCUSSION

Original Platt Amendment Was Substituted For Cuban Committee Report By Vote of 16 to 11.

Havana June 12—The Cuban constitutional convention today accepted the Platt amendment by a vote of 16 to 11. The resolution to adopt was carried without discussion. Immediately after the opening of the session Senors Tamayo Villuendas and Quesada presenting a majority of the committee on relations submitted as a substitute for the committees report the Platt amendment as passed by congress recommending that it be made an appendix to the constitution.

In the vote on the resolution the 27 delegates present divided as follows:

In favor of acceptance Senors Capote Villuendas Gomez, Tamayo Monteagudo Delgado Betancourt Giberga Llorente Quesada Sanguilly Nunez Rodriguez Berriel Quilez and Ferrer.

Opposed to acceptance Senors Zayas Aleman Eudaldo Tamayo Juan Gualberto Gomez Cisneros Silvela, Fortun Lacret, Portundo Castro and Manduley.

Senors Rivera Correoso Gener and Robau were absent. The latter two voted against acceptance in the previous division. Senor Ferro voted with the Conservatives explaining his change of attitude by asserting that he believed acceptance would be the best solution of the problem.

The convention will now appoint a commission to draw up the electoral law.

SHRINERS WILL MEET NEXT IN SAN FRANCISCO

Kansas City June 12—This has been a day for the Shriners of North America who are here attending the twenty seventh annual meeting of their order. The days program was taken up with business and pleasure and from the early morning hours until the conclusion of the grand annual ball at Convention hall tonight the Shriners were on the move.

San Francisco will entertain the order next year during the first week in June. The Imperial council met at the Baltimore hotel and transacted important business of the meeting. The Golden Gate city won on the first ballot. New officers for the next year were also elected. Lou B Wilson if perial potentate retired and then by the usual rotation Philip C Shaffer of Philadelphia, who was imperial deputy succeeded to the first position in the order. Henry C. Atkin of Omaha imperial chief rabban succeeded to the position vacated by Mr Shaffer. George H Green of Dallas Texas imperial assistant rabban and Fred Simpson imperial chief rabban George Bacon of Buffalo imperial high priest and prophet was elected assistant imperial rabban. Harry A Collins of Toronto Canada was elected imperial high priest and prophet. Alvah P Clayton of St. Joe who was imperial first ceremonial master an appointive office two places down the list was pushed over the heads of two others to the position of imperial Oriental guide. William S Brown of Pittsburg imperial treasurer and Benjamin Rowell of Boston imperial recorder were reelected.

After Mr Shaffer had been installed he appointed five imperial officers as follows:

Rinaldo Peck, Hartford Conn imperial ceremonial master. Alden Marion Ia., imperial second ceremonial master. Archibald N Sloan Chattanooga Tenn imperial marshal. Gen George L. Street Rich mond Va. imperial captain of guards. Frank C Roundy Chicago Ill., imperial outer guard.

The council adjourned until the meeting next June.

The visiting Shriners including many of the women, were entertained this morning by a visit to the packing houses. A reception committee of the Ararat temple of this city met the visitors at each of the packing houses and then they were escorted through the departments of the great plants. At noon lunches were served to the guests at the packing houses. There was an exhibition drill of seven patrols of Shriners at Exposition park this afternoon. Seldom has such a large crowd been attracted to the baseball park as was there today. The green grass of the park furnished an excellent background for the gay costumes of the men in the Shriners patrols and their movements over the green sod were quick and decisive. The teams which participated in the drill were the Aladdin of Columbus O the Moilao of St Joseph Mo the Moolah of St. Louis the Tangier of Omaha the Zurah of Minneapolis the Medinah of Chicago and the Ararat of Kansas City. Each of the six visiting patrols was given a handsome bannerette or small banner by the Ararat temple their host in Kansas City.

IRRIGATION NECESSARY TO PROFITABLE FARMING

Washington June 12.—Prof Meade of the agricultural department experts continued his testimony before the industrial commission. He said that irrigation is necessary in two fifths of the area of the United States to make farming profitable. To those inclined to consider it a sectional question he will say that irrigation within the past few years had reclaimed an area in Louisiana and Texas larger than the New England states counting in the value of land from $5 to $30 to $100 an acre. He said that irrigation is becoming a necessary adjunct to market gardening along the Atlantic coast. He estimated that there are now fewer than 5,000 irrigation ditches in the United States costing a total of not less than $200,000,000 and possibly much more. He advocated government aid under certain restriction in reclaiming some sections of the country by irrigation.

In the afternoon Mr Thomas Turnbull representing the San Francisco chamber of commerce testified concerning labor conditions in California. He said that, generally speaking, skilled labor receives better wages in California than in the eastern states while there is no similar difference in the wages of unskilled labor. He expressed the opinion that the cheapness of Chinese labor is due almost entirely to the inefficiency of the Chinese as laborers. Speaking of the Chinese he said the sentiment in California was generally favorable to their proscription as they were not desirable acquisitions from an point of view.

THE FASTEST WARSHIP OF HER SIZE AFLOAT

Boston June 12—With the proud distinction of being the fastest battleship in America and the speediest of her class in the world the new sea fighter Illinois came to anchor in President's road tonight after a most successful trial. Over the government course from Cape Ann to Cape Porpoise and return a distance of 60 nautical miles she raced today under the watchful eyes of United States naval representatives, and established a new record by maintaining an average speed of 17.31 knots for four consecutive hours.

Not only did she demonstrate that she was faster than any warship of her size afloat but she proved her ability to turn upon and obey with extraordinary quickness by describing a complete circle within 300 yards or little more than twice her length in three minutes and ten seconds while ploughing through the sea at full speed.

Steadiness and reserve power characterized the performance of the ship throughout the entire test. The work of her engines was smooth and even and the records of the day showed but one tenth of a knot difference in speed between the northern run and the return run. The machinery easily met every requirement and not an accident of any kind marred the success of the day. Rear Admiral Sampson who was aboard unofficially and Rear Admiral Evans who acted as president of the trial board as well as the other naval officers who participated in the trial were thoroughly pleased with the new champion and as she steamed back to her anchorage with a broom at her masthead the officials of the Newport News Ship Building company whose three years of labor had reached such a happy climax were enthusiastically congratulated.

CONTRACTS FOR NEW MILLS AT PUEBLO

Chicago June 12.—Contracts for the building of a wire mill a nail mill and a hoop mill were closed here today for the Colorado Fuel and Iron Co. The three mills will be erected at Pueblo and the entire cost is $4,000,000.

ALL THE NEWS

Silver 59¾ lead $4.77½ copper $17.

New York stocks opened dull with gains which were established in the morning pretty generally wiped out under the drive of selling orders. Colorado Fuel made an extreme rise of 1½ but a violent reaction left only 8 points money on call steady at 5@6.

Chicago wheat closed steady 3@3¼ lower at 70@72¼.

Glasgow university is celebrating the four hundred and fifth anniversary of its founding.

The council general of the Feine elected, elected for the first time a socialist as president. The successful candidate Mr Weber had a majority of one over Mr Gaul nationalist.

MINING

The market yesterday was even stronger than the day before with good trading and many radical advances. Colorado went to 19¾, El Paso sold at 49¾, Mollie Gibson went up to 30 again and A. J sold at 1½. Doctor sold at 55, Jack Pot at 4, Elkton 11¾ and Work 15¾.

The camp is experiencing an unprecedented activity. New strikes and heavier outputs are the order of the day. Cars are scarce mills are glutted and yet a still greater production is imminent. Statement of the production of the more important mines see page 6.

A good strike on Mt. Pisgah northwest of the Cripple Creek district, is reported but the report has not been confirmed.

A good strike has been made in the third level of the National mine on Gold hill and all the development is now being carried on with machine drills which have just been added. Shipments can soon begin.

The Moon Anchor lessees sent out nearly $4,000 worth of ore in May. There are only two sets operating now and these will soon expire. The company is making arrangements to begin work, but this cannot be undertaken for some weeks yet.

A lease has been granted on the Little Fessie property to Johnson and Reardon for two years. The lessees have started work in the 100 foot shaft and will sink to the 200-foot point at once.

The Colonial Dames directors have given a lease on their Grace Darling claim and the lessees have already sunk a new shaft 15 feet and cut a stringer of ore at the junction of two veins.

The Tambourine Gold Mining company operating in Wall Street, Boulder county have declared a one-half cent dividend amounting to $4,000.

The Fort Pitt officers claim that they have proved the apex of the Sedan Sunshine vein to be on Sunshine ground.

Stratton's Independence produced 6,300 tons in May of a gross value of $250,000, and in addition to the most aggressive development work. The winze from the ninth level is showing great ore and rich reserves are being created in other portions of the mine.

HEAT IN CHICAGO

Chicago June 12—A feeble breeze that blew at times off Lake Michigan made the condition a trifle more bearable than yesterday. The mercury reached 88 degrees and the humidity was 80 against 93 yesterday. Three heat prostrations were reported.

MILLION DOLLARS FOR ENDOWMENT

This Is Now the Slogan of President Slocum and Colorado College --- Thirty-one Diplomas Given Yesterday.

The commencement exercises at Colorado college yesterday morning completed the college career of 31 young people.

Aside from this fact the most important one in connection with the occasion was the announcement by Dr Slocum that the plans for the Science and Administration building have been approved and accepted by the board of trustees and that it is expected the building will be ready for use by the beginning of the college year of 1902-1903. The contract will be let next week.

In his statement before awarding the diplomas to the class of 1901 President Slocum made a stirring and impressive plea for an endowment of $1,000,000 for Colorado college and in his manner as well as his words there was determination as well as hope.

Commencement day opened fair and not for a moment during the entire period of the carrying out of the day's program was there a cloud or any other thing to mar the beauty of the day. Preliminary to the commencement exercises the Colorado College Alumni association held a business meeting in Perkins hall.

At 10 o'clock the hour set for the beginning of the exercises the hall was well filled with people and a few moments later it was crowded. The members of the class of 1901 clad in their somber gowns and wearing the regulation cap of the senior occupied seats where they could be easily addressed by the speaker of the occasion. The exercises began with the invocation pronounced by Rev C B Wilcox of the First Methodist church, Mr George H. Crampton the celebrated English baritone who is at the head of the department of music in the college during the absence of Rubin Goldmark in Europe, rendered a couple of selections after which Rev Dr Coyle of Denver who had been invited to address the graduating class began his address. His address was a stirring and inspiring one urging upon the students who composed the graduating class the other students who were included in his audience and the older people of the audience as well the truth that it is determination and will rather than remarkable opportunity or other good fortune which accounts for the successes in the world of today. He held up before the young man and the young woman the exceptional opportunities which are before each young person today and urged that each person reflect on the proposition that that which he ought to do he can do and should determine to do in which case it will be done.

Upon the conclusion of Dr Coyle's address President Slocum arose to make the annual statement of the president of the college an event that is always one of the most interesting in connection with the completion of another year of work in the institution. He began by announcing the honors taken by the students during the year. They were as follows:

Perkins scholarship $400 Pearl Irene Beard.

Perkins scholarship $400 Henry Lacey McClintock.

Hawley scholarships, $100 each Florence Lillian Leidigh Oslo Frances Smith, Lucile Allerdice Alwina Beyer Clare McCoy Ethel Smeigh.

Hastings prizes for special work in study of religious thought $20 High McLean $10 Bernard Lea Rice.

High honors

Pearl Irene Beard 03

Henry Lacey McClintock 03.

Ella Louise Warner, 04

Hugh McLean 01

Oslo Frances Smith 02.

Ella Sabin Fillius, 03

Frances Martin Loud 04

Honors

Mabel Jencks 04

Benjamin Franklin Moore 02

Lois Virginia Stoddard 02

Sarah Ross Wolverton, 04

Albert Chain Harvey 03

Ella Lorna Graber 02

Leonard Rose Ingersoll 02

It was in this statement at this time greatly impressed his hearers with his earnestness in regard to the million dollar endowment. Facts regarding other institutions that have no more students than are being enrolled every year at Colorado college and figures comparing the endowments of these other institutions with that of Colorado college were given by the president and he urged upon everyone in any way interested in the welfare of Colorado college the necessity of doing everything that can in any possible way have a tendency to increase the endowment fund of the institution and make it the better prepared for the great work which is before it in its field of labor. He gave figured to show the need of a greater endowment and said that the endowment fund of the college must be brought up to $1,000,000.

The last feature of the program before the benediction was pronounced by Dr Braislin on the First Baptist church was the awarding of the diplomas to the graduates, which after all was the main object of the gathering. President Slocum made the address awarding the sheepskins and he prefaced the presentation with some most excellent advice. It was an impressive moment, the last address which was to be made by the president of the institution to 31 young people who have for four years been beneath its protection and guidance and instruction. He impressed upon all within the sound of his voice that it is really a great thing to belong to a great institution and that it is to such an institution that these young people have belonged as students and still belong and will continue to belong as alumni.

The members of the class of 01 with the degrees which were granted to them yesterday are as follows:

For the Degree of B A.

Grace Louise Bradshaw.

MISUNDERSTANDING ON THE CHINESE INDEMNITY

Washington June 12.—Mr Rockhill's proposition to submit the indemnity question to The Hague tribunal it is now learned carries with it the adjustment of the total of the indemnity. Through a misunderstanding which perhaps was purposely created by some of the powers the sum of 450,000,000 taels was supposed to have been finally agreed upon by all the powers as the total of indemnity to be demanded from China. As a matter of fact, there is nothing official to show that the powers or in fact a majority of them, actually made this a matter of formal agreement. It is true that China undertook to pay an indemnity of 450,000,000 taels but it is equally true that this undertaking doubtless based upon the misunderstanding above referred to was at least in advance of a formal agreement among the ministers themselves.

Hence Mr Rockhill's proposition to include the total of the indemnity in the matters to be submitted to The Hague arbitration. European critics based upon the idea that Mr Rockhill's proposition as to arbitration concerns only the method of payment are therefore founded on error. The hope that the arbitration plan will prevail is based upon the belief that no other scheme so far brought forward is sufficient.

MODERN WOODMEN BAR BIG CITIES

St. Paul June 12—Election of officers and a protracted contest over the admission of cities of over 200,000 to the jurisdiction of the order filled the business day of the Modern Woodmen of America today.

The proposition to take city members into the order came up on the report from the law committee. An amendment was proposed to this report to dispense with the present limit which keeps cities of over 200,000 from joining the order. Chicago St. Louis Milwaukee Buffalo Detroit, Cleveland San Francisco Cincinnati, Philadelphia and Pittsburg being named in several motions and being then taken up one at a time and voted on. On Chicago the vote was 260 to 328 and the others were more quickly disposed of all being voted down.

This leaves paragraph four of the law committee's report with the single recommendation that Utah be admitted to the jurisdiction of the order and this amendment will doubtless be carried on Friday. The action this afternoon is considered as settling for some years to come the membership limitation of the Modern Woodmen.

PARTIAL VERDICT IN LIBEL CASE

Jury Disagreed on One of the Three Indictments--Hill and Stapleton Acquitted.

Special to the Gazette.

Denver June 12—The jury in the Patterson Republican libel case returned a verdict of acquittal on the indictments against Mr Hill and Mr Stapleton and disagreed in their verdict on the indictment against the Republican Publishing company.

There were three indictments one against Mr Hill as president of the company one against Mr Stapleton as manager of the company and the third against the Republican Publishing company. In the case of the last indictment it is said the jury stood 10 for acquittal and 2 for conviction. It is also rumored that the jury lined up on political lines.

The report was not read until 4:30 o'clock this afternoon. The jury had agreed upon their verdict in time to report at 2 o'clock but a long argument was indulged in by the counsel before either such a verdict could be rendered or not. Attorney O Donnell wanted all three of the indictments declared a mistrial but the defense contended that the jury could render a verdict of acquittal on two of the indictments and disagree on the other.

At last District Attorney Lindsley was convinced that there was no use in and Isaacs and it was then read. The case of the indictment against the Republican Publishing company has been reset for the first day of the next term of court.

DENVER MAN KILLED WIFE AND HIMSELF

Denver June 12—Julius C Benton living at 240 Welton street at 9 o'clock shot and killed his wife and then himself. The shot which killed Mrs Benton was fired through the window of their residence. It passed through her heart and caused instant death. Benton shot himself in the head and died later at the county hospital. They leave two children a girl aged 9 and a boy aged 7.

Mrs Benton was a daughter of former State Auditor John W Lowell now head of the Lowell Carroll & Dewitt Live Stock company and Mr Benton was the firm's bookkeeper for the company. It is said that the two have frequently quarreled of late. The father of the dead woman expresses the belief that Benton was insane.

Mrs Lowell mother of the woman is in a state of nervous collapse from the shock and it is feared that her reason will be shaken.

COPPER MINES SOLD TO COLORADO MEN

San Francisco June 12. A formal transfer was made in this city today of the Ballaala copper mines of Shasta county to E S De Colleer John F Campion Dennis Sullivan D H Moffat and ex Governor J B Grant all of Denver Colo. The consideration was between $4,000,000 and $5,000,000.

MRS. M'KINLEY MAKES FAVORABLE PROGRESS

Washington June 12—Dr Rixey on leaving the White house tonight after his usual call said:

Mrs McKinley is getting along very nicely. Her improvement continues steadily. The heat is not affecting her materially.

Dr Rixey's visit occupied less than an hour a shorter time than for many evenings previously. He appeared more encouraged than usual but was non committal when asked more particularly about the case.

The intense heat is naturally felt in the sick room but had no very appreciable effect upon the patient's condition.

Surgeon General Sternberg after his evening visit, said Mrs. McKinley was making favorable progress. The prediction in the bulletin of the doctors this morning that Mrs McKinley would be able to sit up during the day was borne out. She sat in the rolling chair in the room but it was for only a very short period. The change gave her some relief.

The president sent his carriage to the station for Mr and Mrs. Abner McKinley who arrived this evening and they spent a half hour at the White house on their way to their summer home at Somerset, Pa.

M'KEAN FLAGLER

Washington June 12.—Miss Elizabeth Moore Flagler, daughter of the late General Flagler and George W McLean of Nova Scotia were married at St Margaret's church in this city today. None but relatives and personal friends witnessed the ceremony.

OFFERED A PURSE

Hartford Conn June 12.—The Nutmeg Athletic club has offered a purse of $10,000 for a battle between Terry McGovern and Dave Sullivan in this city July 4. McGovern says he is willing to accept.

REPORTS OF BIG FRAUDS

In Commissary Branch of Army Service in San Francisco.

GRAND JURY INVESTIGATION

Government Officers Have Discovered Large Quantities of Goods Stolen From the Government.

San Francisco June 12. General Shafter and Colonel Maus inspector general of the department of California and the federal grand jury are investigating the many reports of fraud committed in the commissary branch of the army service in this city. That the reports seem to be based on something more substantial than idle rumor is evidenced by the disclosures following the arrest of Louis Abrams & Son dealers in second hand clothing. The extent of the alleged frauds has not been determined and there is a diversity of opinion on the subject.

Captain Seymour of the local detective force who is assisting the federal grand jury, said today:

The government has unquestionably been robbed for a long time past and I believe the amount of the losses sustained by Uncle Sam through the treachery and dishonesty of some of his army officers and others will reach into hundreds of thousands of dollars.

The federal grand jury has the matter of prosecution in its hands and the secret service men are doing its bidding the police merely rendering assistance when such is found necessary and is called for. I believe that arrests will be made probably by the federal officers that will startle the community.

Major General Shafter said that the matter had not been fully investigated but admitted that thefts of clothing have been going on. He claimed there was no shortage in any department however. He continued:

"I have no personal knowledge of this trouble but it does not seem to amount to a great deal. Recruits perhaps or soldiers being hard up, have sold to these peddlers also tents camps shoes, blankets and other stores issued to the forces by the quarte master's department. It is a military offense for soldiers to sell stores and a crime under the statutes for the peddlers to buy them. But the illegal traffic goes on. I am glad the fellows have been caught, if they are guilty for an example is needed to stop the traffic.

For months past various stores about the city have been exhibiting signs government goods for sale here and advertisements have even been crowded into the daily newspapers. As late as this morning the following advertisement appeared:

Wanted—1,000 men to wear government shoes, $1 a pair. 925 Howard street.

Inspector General Maus and a number of local detectives began some days ago the investigation which resulted in the arrest of Abrams and his son George for buying and selling government supplies. Their examination has been set for next Tuesday afternoon. Their bail was fixed at $5,000. Both Abrams and his son deny the charge but a second hand dealer Jacob Steveler states that Abrams sold him 20 pairs of army shoes.

Three big wagon loads of goods have already been taken to the hall of justice and in every instance the men from whom they were seized have admitted buying the goods from Abrams and his son.

From a statement made today it would appear that the frauds were not confined to clothing and shoes alone. It was stated that upon an investigation of the supplies furnished for the army horses it was found that the rake-off some people secured amounted to 200,000 pounds of grain. The army officials are now making every effort to learn who profited by this extensive fraud.

Late this afternoon Captain Seymour stated that the government's officers had discovered large quantities of goods stolen from the government. The goods were stored in a warehouse south of Market street. The property consisted of all kinds of military supplies. Captain Seymour would not give the address of the warehouse.

THE Y. M. C. A. CONVENTION REPUDIATES THE PROTEST

Boston June 12—The great influx of delegates during the past 24 hours largely augmented the audience that filled Mechanics hall today at the various sessions of the Y M C A International convention which were chiefly devoted to the presentation by able speakers of subjects and problems bearing on the progress of the Y M C A. work during the past 50 years.

In opening the convention this morning President William R. Dodge implied repudiation on behalf of the convention of the remarkable circular issued yesterday by a few members of the association condemning the Boston museum of fine arts as an improper place for the young men to meet at a reception. Although couched in moderate language his words were strong and forceful and were greeted by applause.

Among the speakers tonight were Major General Joseph Wheeler Rear Admiral F J Higginson, Captain A. W Wadhams, U S N Captain Richmond Pearson Hobson and Col Curtis Guild Jr who presided. The result was an immense audience that filled every nook and corner at the big hall and one that was wildly enthusiastic in its reception of the speakers.

Following the evening session a reception to delegates and friends tendered by the women's auxiliaries of the Massachusetts and Rhode Island associations was held in the Museum of Fine Arts.

At the Mechanics hall tonight Mrs. C. C. Stiles spoke on "Woman's Work for the Soldiers and Sailors." She feelingly mentioned the Christian work which had been done by Miss Helen Gould and there were loud calls for a speech from that lady who was seated upon the platform. She acknowledged the compliment by rising and bowing to the audience but refrained from making any remarks.

Mrs Russell Sage was also forced to bow her acknowledgements of a similar demonstration.

There was a manifested desire to have a speech from Rear Admiral Watson and he briefly responded.

The progress of Y M C A problems and of subjects bearing on the progress of the work of 50 years was the main feature of today's program. The day opened with a praise service. The floor of the great hall of Mechanics building was well filled by the delegates before the opening exercises were held, but the galleries were almost empty.

Bruno Hobbs of Cripple Creek, was unanimously chosen secretary of the convention.

DETAILS OF STREET FAIR

Elks and Quarto-Centennial Committees Are Arranging them---Only Seven Weeks Away.

The gorgeous street fair which is to be held on Nevada avenue during the Quarto-centennial jubilee in August will be made one of the popular features of the great celebration if the plans of the centennial committee are carried out. A consultation was held yesterday at the chamber of commerce by this committee with representatives from the local lodge of Elks concerning the proposition made to the Elks that they have charge of the fair.

The following members of the executive committee were present at the conference. President Shields and Messrs. Fairley Buckman Stevens and McClurg. The Elks were represented by R. L. Holland and W McK Barbour.

The plans for the street fair were discussed for an hour but nothing definitely was decided upon and the Elks committee will report to the lodge before that body will take action. The Elks are willing to assume the responsibilities of the fair but an agreement conderning details has not yet been reached.

The idea of the Quarto-centennial committee is to have the display on Nevada avenue between Pikes Peak and Platte. The carnival will be made as attractive as possible and will probably be closed during some of the principal features of the celebration so that one attraction will not interfere with another.

It is now less than seven weeks until the Quarto-centenpial jubilee will be held and arrangements are progressing rapidly.

NEWS NOTES FROM DENVER

Special Policeman M Fall Free With a Gun

RANCHMEN BORING FOR OIL

Favorable Reports Coming from Harris, Seven Miles North of the City—Hod Carriers Strike

Denver Bureau
Colorado Springs Gazette

Denver June 12—F J McFall a special policeman attempted to arrest William Dempsey a 14 year old boy last evening but Dempsey ran and the Fall shot at him. The ball struck him in the left knee and may cripple him for life. Dempsey was trying to board a Union Pacific train.

Mollie Goodman who was found dangerously injured by the side of the D & R G railroad tracks June 3 and who it was supposed had fallen off a freight train regained consciousness today and said that he was deliberately pushed off by [illegible] while the train was running at a 30 mile an hour rate. An effort will be made to assertain who shoved him off. It is said that he has well to do relatives in New York.

County Superintendent Tilton of Boulder county has completed a school census of the county. It shows that there are 6,[illegible] pupils in the county which is an increase of 129 over last year.

Parton B. Prouty who is accused of murdering Edward Windbauer on December 27 last was placed on trial before Judge Malony this morning. Prouty is said to have killed Windbauer during a quarrel over the question of whether Windbauer should go with Prouty's daughter or not. The prosecution will attempt to prove that the shooting was unjustifiable while the defense will claim that it was done in self-defense.

The commencement exercises of the University of Denver were held in Trinity church tonight. Tyson S. Dirces delivered the principal address. A large class received diplomas.

Denver is not going to be left behind. [illegible] of these days. Many of the farmers near the city have been drilling for oil and reports received from Harris, Colo., a little station seven miles north of the city, says that in four cases the wells have proven successful.

The [illegible] board yesterday approved the reports of the committee appointed to examine the accounts of Treasurer H. T. O'Reilly. The reports exonerate Mr. O'Reilly.

John J. Lorch an old resident of Denver [illegible] Thursday in Kearney, Neb., after an illness of four days. Mr. Lorch was for a long time an employe of the Colorado Dry Goods company.

The Modern Woodmen of America [illegible] memorial tree next Sunday. The Woodmen will march from their hall on Champa street to the street cars and will go from there to the cemetery. There the graves of their deceased brethren will be decorated.

G. V. Kelly of Bonanza, Colo., registered at the American hotel last night and went to bed. While dreaming he became frightened and rushed to the window and jumped out. He fell forty feet and received a number of slight injuries. He was in a large fire in Brooklyn some years ago of which the memory often haunts him in his sleep and he said he was dreaming of his escape from there last night when he jumped.

A report from Louisville tells of a serious stabbing affray which occurred at the latter place last night. Samuel Lemen and William Lokham became involved in a dispute in a saloon. Lokham knocked Lemen down and then Lemen whipped out a knife and thrust it into his assailant's body three times. The wounds received by Lokham are considered very serious. Lemen has been arrested.

Robert Carlson a ranchman living near Magnolia, Colo., was terribly stung by a swarm of bees last Saturday. The bees also attacked his horses and their head of cattle and stung them until it will be necessary to kill them. Carlson came to Denver today for treatment.

Two hundred and fifty East Denver High school pupils left the city this morning for Manitou Springs where they will hold their annual outing.

The regular weekly luncheon of the Denver Real Estate exchange and the chamber of commerce was held at the Windsor hotel today. F. R. Malone presided. Addresses were delivered by members of the two organizations.

The Hungarian Milling and Elevator company today voluntarily increased the wages of its men 10 per cent.

Among the marriage licenses issued today was one for Thomas J. Brinkley and Viola Calhoun both of Colorado Springs.

A dispatch from Glenwood Springs says that the long trestle bridge on the coal branch of the Colorado Midland burned yesterday afternoon. It will take some time to complete the repairs.

The hod carriers strike has assumed a new phase in the city of Denver. Last week the Building Trades council ordered the striking hod carriers to return to work under penalty of losing their charter if the order was disobeyed. The hod carriers refused to go to work and in number of instances union bosses were ordered to take their places. Now the Public Trades council have notified the union men to organize and the charter of the old union will be taken away and given to these men. The matter will come up Friday night and it is said the old union will make a hard fight against the move. The plasterers of the city have struck in sympathy with the hod carriers and they may have their charter revoked also.

The letter carriers of the city will hold their annual picnic at Elitch Gardens next Saturday. An attempt will be made to [illegible] the Labor Day picnic to the national convention which meets at Memphis September 1.

NEWS NOTES FROM VICTOR

Victor Bureau
Colorado Springs Gazette.

Victor June 12.—At an early hour this morning a thief broke into the store of the Johnson Mercantile company and stole a pair of shoes a hat and a pair of trousers. He changed clothes in the store leaving the old ones behind. His movements awakened a clerk who pursued the thief who fired two shots after his retreating form in the darkness.

The members of the Came on baseball team are not discouraged by the defeat of Sunday at the hands of the D. W. C. team. The members of the team will at once commence hard practice and will again invite the Denver boys to the district to try conclusions. The Came team is made up of a number of good individual players but is lacking in team work and batting.

Mrs. Arabella C. Johnson department president of the Women's Relief corps for Colorado and Wyoming was in Victor today on a visit of inspection to the local corps. Mrs. Johnson was the guest of honor at an enjoyable reception this afternoon.

The Colt Colorband gave another of its delightful concerts at the Cold Comfort club house this evening. After the concert the many guests thoroughly enjoyed the social hop arranged.

The employes of the Independence Consolidated Gold Mining company have made up a purse for the benefit of John Robinson a miner employed at the property who last winter froze his feet and who for the first time has been unable to work. Robinson will be sent to the hospital at Cripple Creek where he will be given proper treatment.

C. J. Apple the well known cigar maker has gone to Colorado City where he will establish a factory and cigar store.

John Strain of the money order department of the postoffice is visiting in Kansas.

Miss Minnie Brown of Salt Lake has been making an extended visit with friends in Denver has returned home.

John Murphy a man 60 years of age lost his right foot as a result of being struck by a Midland train today. Drs. Davidson and Latimer performed the amputation at the Sisters Hospital in Cripple Creek tonight.

The Econimic mill has put in a telephone system of its own. There are 14 phones on the circuit and its construction has taken nine miles of wire.

ANACONDA

Special to the Gazette.

Mrs. [illegible] Rouault and family left this morning for Walsenburg where they will reside in the future.

Miss Ollie Taggart left yesterday for Aspen to visit friends.

F. J. Collins left last night for Ouray where he will transact business.

H. F. Nelson formerly in charge of the Anaconda Assayer with J. M. Stewart, was a visitor in Anaconda yesterday with a party of friends from Alta Iowa.

Miss William Lagesse expects to leave in the near future for her old home at Pentwater Mich.

Mrs. R. G. White has returned from a six weeks visit with friends at Grand Junction.

CHINESE EMBASSY

Berlin June 12.—The correspondent of the Associated Press is authoritatively informed that the standing of the special embassy headed by Prince Chun to Berlin to formally express Emperor Kwang Hsu's regret at the murder of Baron von Ketteler was all definitely settled upon during the last few days between the Chinese court and the German minister Dr. Mumm Von Schwarzenstein. The precise time the special embassy will start has no been decided upon. It certainly will not start tomorrow but is leaving China depends on when a steamer starts for Europe on which the embassy will be able to secure accommodations.

NEWS NOTES FROM PUEBLO

Bi Weekly Pay Day Law Will Be Tested in Courts

COLORADO SPRINGS CASES

Ernest Huber Accused of Charge of Insanity—Fitzhugh Herring Case Continued Until June 19

Pueblo Bureau
Colorado Springs Gazette

Pueblo June 12.—Saturday and Monday the executive committee of the State Federation of Labor will hold meetings in Denver to discuss the matter of bringing an action against the corporations of the state in the courts to test the bi weekly pay day law passed by the recent legislature. The committee was instructed to take this action at the convention of the federation held in Leadville. It was the impression that the C. F. & I. company will be singled out and made the defendant in the suit which will probably be instituted in behalf of the organization. Already quite a number of local employes of the C. F. & I. have volunteered to act as witnesses in case their services are required.

The bi weekly pay day law provides that the employes of all private corporations, except railroads shall be paid on the 5th and 20th of every month. The organization of the C. F. & I. and smelting trust ignored the law and are probably as willing as the State Federation is anxious for a test.

Section 2 of the act reads: "When every such corporation fails to pay any of its employes as provided in section 1 of this act then a penalty shall attach to such corporation and become due to such employee as follows: A sum equivalent to a penalty of 5 per cent of the wages due and not paid as hereinprovided as liquidated damages and such penalty shall attach and may be brought in any court of competent jurisdiction to recover same and the wages due."

Although none of the big corporations of Pueblo have returned their property valuations to the county assessor Assessor Carey is not worrying over the matter. He will probably adopt the alternative allowed the assessor and make the valuation himself in the event that the corporations fail to return same before the first Monday in July.

Ernest Charles Frederick Huber a German who says he was an upholsterer for the Colorado Springs Furniture company was tried today in the county court for insanity. It seems that Huber has been acting in a peculiar manner around the city for some days and was arrested Sunday for trying to kick in the door of a tailor shop where he had a suit of clothes. Huber's contention is that he is not responsible for his actions and that he is subject to nervous spells which affect his mind at times and that the affection is hereditary in his family. He said he has two sisters now in Dr. Work's sanitarium. He himself has been in asylums in various parts of the country. He is perfectly sane now he says and the jury returned the verdict giving him his liberty. The jury also recommended that Huber have over $1,400 deposited in banks in various cities.

Harriet M. Fitzhugh of Colorado Springs was in the county court this morning ready to go to trial with her suit against Dr. J. A. Herring but much to her indignation the case was continued until June 19 at the cost of the defendant. Eighteen months ago Mrs. Fitzhugh leased a building at 115 South Tejon street to Ah Gee & Hoover who sublet the second floor to Dr. Herring. The first defendant in its rental moved out and Mrs. Fitzhugh then attempted to evict Dr. Herring on the ground that the sub lease was without her authority. The case has been fought through the justice and county courts of Colorado Springs and so far the defendant has been victorious. Mrs. Fitzhugh took charge of Venice to Pueblo on the ground that public indignation in Colorado Springs would not stand against her to such an extent that she could not secure a fair trial in the cross complaint Dr. Herring claims that the lease was ratified by the plaintiff and that she failed to pay water taxes on the building until he had to pay himself to secure after. He claims that Mrs. Fitzhugh tried to get his lodgers to move out and on one occasion locked the closets in the building. Mrs. Fitzhugh is suing for $145 back rent while Dr. Herring demands damages.

Charles Fleury has filed suit in the district court against the board of county commissioners for $1,2 which he alleges is due him as salary for acting as water commissioner in district No. 1. He says that the board trimmed off his salary at various times to that amount.

Bids will be opened today by J. R. De Lemer for the construction of a two story building to be erected on the corner of Seventh and Main streets on the site of the old De Lemer theater. The ground floor will be divided into stores and the upper portion will be used as an apartment house.

The State and Fire Brick company will open bids Saturday for the construction of a new building to be used as a manufactory of fire brick. Work will be begun on the structure Monday. The building will be part two stories and part one story in height with a machine room 44x64 feet and dimensions as a part house 2 x54 feet an engine room 24x41 feet a 14 boiler house 22x40 feet. The building will cost about $6,000.

T. J. Fisher of Colorado Springs trustee of the Lamborn estate is in the city to close the deal for the land for the new stockyards company.

Although they have visited but 18 hotels Houses the soliciting committee for the State fair has sold $14,600 worth of stock. A general canvass will be commenced tomorrow.

Col. J. C. Overmeyer was in the city and he stated that he will remain command of the Second regiment N. G. C. notwithstanding his resignation to the company. Colonel Overmeyer has secured a half interest in a ranch in Elbert county. Headquarters of the regiment will remain in Pueblo.

The building committee of the Elks held another meeting tonight and discussed propositions of locations for the lodges new building but no definite action was taken. Several good offers have been made.

Supplies for Kodak or Camera.

Untrustworthy supplies often spoil the pleasure of a day's picture taking.

For the slight difference in trouble necessary to understand which are the best the difference in results they produce is remarkable. They cost no more but when you've taken a picture you have it.

Our full line of supplies of all sorts is drawn from only reliable sources so that we need not be afraid of having dissatisfied patrons.

If it's worth our while to sell only reliable supplies at the same price as inferior grades it's surely worth your while to use them. Drop in and talk about it.

WOMEN INSURED ON SAME TERMS AS MEN

New York, June 12.—For some time past the Mutual Life Insurance company of New York has been making no distinction between male and female risks. It now insures women whose applications show them to be desirable risks on exactly the same terms as men. More than that heretofore the sexes are to stand on an equality in getting employment in all the offices of the company. The Mutual Life has returned more than five hundred and forty million dollars ($540,449,810.44) to policy holders and carried the sunlight of comfort to thousands of grief-darkened homes. No other company has approached this sum. The broad liberality of management of the Mutual Life is bringing a volume of new business unexcelled in its previous history.

A. O. U. W. FINANCE

Buffalo N. Y., June 12.—At today's session of the supreme lodge of the Ancient Order of United Workmen the report of the finance committee was read. It showed receipts for the year ending May 2, 1901 of $24,441 and disbursements of $[illegible]. The total surplus of assets over liabilities was shown to be $[illegible].

Read the Want Ads.

SELL THEM ANY OLD THING
SLAUGHTER THE INNOCENTS

That's the way we would feel after selling customers a cheap Stencil or Chicago Piano. In every instance we have convinced buyers that this class of instruments would be a big mistake for both them and us if we had then sacrificed our reputation after 31 years of success built up by hard work, high grade Pianos, conscientious and courteous treatment.

NOT IF WE KNOW IT

During this sale we have had opportunities which we did not take advantage of, namely, customers, when they were attracted by such prices, as

130 149 155 179

etc., etc.

Competition is the life or death of business.

Flooding the country with cheap "Humpbacks," Stencils, etc. brings disastrous results in a short time.

Good Pianos cost money. Don't buy any others.

For the balance of this week we will offer

One beautiful Marshall & Wendell Upright Piano. Light oak double veneered case. Fine action. Fit for any home. **$275**

$1000 Pianos.
2 Handsome Grands

are included in this week's sale. Both are up to date pianos. One slightly used. Beautiful mahogany case almost new. Old Boston Hallet & Davis, the best and most reputable make on the market 65 years experience. Special price **$750**

We guarantee this piano.

One Ebony Grand Chickering fine concert piano in first class condition. Teachers here's your chance. This fine piano goes for **$350**

One new golden oak upright Huntington Piano, standard size 3 pedals over string scale, 3 unisons, fine repeating action, spruce sounding board, genuine ivory keys. Double veneer, no soft stained wood case here. A snap for **$325**

One F. Muller Ebony Upright, a good second hand bargain **$85**

One Colby & Co., New York make Ebony Upright good condition **$150**

Squares from $35 up.

Organs at any price.

Such Standard and High Grade Pianos as Hallet & Davis, Sterling, Huntington sold on same terms as our bargains.

We would rather have your good will and not sell you than to sell you a miserable excuse for a piano and ever afterward have your ill will.

THE NEWS OF CRIPPLE CREEK

Large Attendance at Commercial Congress Assured

BIG DAMAGE SUIT ON TRIAL

Lessees on Bison Claim Want $10,000 From Altman Water Company—Anniversary of Co. H.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek June 12.—Secretary Francis of the Transmissippi Commercial congress is daily receiving letters from all points in the transmissippi states and territories containing notice of the appointments of delegates. The coming congress gives promise of being one of the largest if not the largest in the history of the organization. Today a letter was received bearing the information that St. Louis would send a delegation larger than had ever before attended a session from that city. General Manager and Secretary Cox of the St. Louis commercial club will lead this delegation. Governor Shaw of Iowa has appointed seven delegates at large from his state. Reports from Kansas would indicate that the Sunflower state will be in the front ranks of the large delegations and that National Congressman Bowersock and Long will in all probability be in attendance. The local committee on entertainment is hard at work and no hing will be lacking to make the congress a big success.

The $10,000 damage suit of McGrath, Foust and Minster against the Altman Water company was on trial before Judge Cunningham in division 2 of the district court. The plaintiffs are lessees operating the Bison claim on Bull hill the property of the Free Coinage company. They alleged that access water from the pipe line of the defendant company has caused them damage to the extent of $10,000. The case was continued until tomorrow morning.

The jury in the case of Charles J. Perkins vs. T. J. Moynahan this afternoon brought in a verdict awarding the plaintiff $[illegible]. The amount was due for attorney's fees. At the previous trial of the case the jury disagreed.

The C. S. & C. D. R. R. Co. has completed its spur from Hoosier Pass through Summit to Midway connection having been made with the High Line electric division at Midway. The Victor division of the road being constructed from Came on through Cold Feet to Victor is nearing completion and when complete the Short Line will have three separate routes into Victor. Most of the cable tracks have been completed in the camp and the cars [illegible] is now doing an excellent business in transporting ore from the mines.

Fitzhugh took a charge of Venice to Pueblo on the ground that public indignation in Colorado Springs would not stand against her to such an extent that she could not secure a fair trial. In the cross complaint Dr. Herring claims that the lease was ratified by the plaintiff and that she failed to pay water taxes on the building until he had to pay himself to secure after. He claims that Mrs. Fitzhugh tried to get his lodgers to move out and on one occasion locked the closets in the building. Mrs. Fitzhugh is suing for $145 back rent while Dr. Herring demands damages.

Charles Fleury has filed suit in the district court against the board of county commissioners for $1,2 which he alleges is due him as salary for acting as water commissioner in district No. 1. He says that the board trimmed off his salary at various times to that amount.

Bids will be opened today by J. R. De Lemer for the construction of a two story building to be erected on the corner of Seventh and Main streets on the site of the old De Lemer theater. The ground floor will be divided into stores and the upper portion will be used as an apartment house.

The State and Fire Brick company will open bids Saturday for the construction of a new building to be used as a manufactory of fire brick. Work will be begun on the structure Monday. The building will be part two stories and part one story in height with a machine room 44x64 feet and dimensions as a part house 2 x54 feet an engine room [illegible] feet a 14 boiler house 22x40 feet. The building will cost about $6,000.

T. J. Fisher of Colorado Springs trustee of the Lamborn estate is in the city to close the deal for the land for the new stockyards company.

HOSTETTER'S CELEBRATED STOMACH BITTERS

Indigestion Dyspepsia Flatulency Constipation Nervousness If you fail to find relief in the Bitters will cure these as well as Liver and Kidney Affections. Try it.

of the district to the mills and smelters. Larson Holmes the well known colored [illegible] commenced suit in Justice Parker's court today to recover 14 chickens which he states belong to him, but which drifted into the chicken coop of his neighbor Mrs. J. Knocke who resides on Nevada street. The fowls are [illegible] that she owns the chickens and after they had been replevined she gave receipts that they had received them. The parson states that he bought and paid for the chickens and that he will fight the case to the finish.

Mayor Crane and the board of aldermen have under consideration a scheme to macadamize Bennett avenue from the Mill and Terminal to First street and Meyer avenue and from Bonanza street to First avenue. It is proposed to use crushed rock from the mine dumps in the vicinity. The rock will be mixed with the dirt of the street and a heavy steam roller will give it a good surface.

[illegible] Hills one of the district court today the case of Nicholas vs. Ethel was on trial. The case has been on [illegible] several times it being now the celebrated adverse suit of the Tarsney and Stringer lode vs. the Cracker Jack lode. The trial will consume two or three days.

The Shenandoah Consolidated Mining company Jacob Becker and John Noon commenced suit in the district court today against Patrick Burns. The plaintiffs ask that a judgment and decree be granted giving them the one third interest in the Sheridan No. 2 lode now legally held as they allege by the defendant. Upon depositing a $1,000 bond by the plaintiffs the defendant was restrained from disposing of or encumbering the one third interest.

W. H. Leffingwell commenced action in the district court today against Charles S. G. M. Co. Henry Mevill Jr. and R. H. Widdecomb to recover $1,101 and interest at 8 per cent since January 12, 1901 alleged to be due for services. The plaintiff filed a lien against the defendant company's property on January 24, 1901.

Another ejectment suit was filed in the district court today by the Mars Consolidated G. M. Co. this time J. P. Nice and John Doe being the defendants. The defendants are occupying a portion of the plaintiff company's Lone Star lode. The company asks for damages and rents amounting to $[illegible].

The adverse suit of Robert Harlan vs. the Brouse Mining company was filed in the district court today. The suit [illegible] between the Miami Nos. 1 and 2 lodes and the Virginia lode. $100 damages and $85 costs.

Company H, Second Infantry, N. G. C. will celebrate its second anniversary at Rube's hall tomorrow night. An excellent program has been prepared including singing by the Colonie Creek Liederkranz, a boxing bout between Pete Everett and J. E. McCoy. The mayor and city council will be present as well as the soldier boys from Victor.

The ten year old son of Mrs. Abbey residing on May Queen [illegible] was bitten last evening by a vicious dog belonging to a neighbor. The boy received three gashes in the left leg and his trousers were torn into shreds. The police are hunting for the dog.

W. J. Graham accompanied by his wife left this afternoon for the Pan American exposition at Buffalo. Mr. Graham was the successful candidate of the Evening Star & Buffalo contest and was the candidate of the Woodmen of the World.

Out Town arrivals at the National hotel today were Mr. and Mrs. H. T. Laughlin of East Liverpool Ohio; R. S. Potts of Bowling Green Ky.; O. T. Simpkins; F. W. Glanley; J. B. Lazear; F. D. McCune; F. C. Carroll; C. H. Pugh; J. W. Fuhn; M. Finberty; P. Shannon and W. C. Green of Denver; O. [illegible]-Young; H. C. Hunt; I. Clipin; L. P. Jridge; F. C. Stimson; F. L. Preston; L. W. Cunningham and George Bernard of Colorado Springs; James Jr. Kelley; C. J. Scherer; T. R. Maroney; John J. Doyle; J. J. Cusseman; T. G. Burke; D. F. T. Keefe; T. B. Kenrall and family and J. C. Veale of Chicago; A. R. Williamson of Crested Butte; C. W. Gadding; John W. Cook and John T. Powell of St. Louis; I. F. Bond of Providence; F. [illegible] and John Kelly of Wallace Idaho.

A very pretty little [illegible] occurred tonight in the sheriff's office in this city. Sheriff Stewart and his [illegible] were in the sheriff's office when a casual remark began to make remarks about [illegible] the nature of which was such as would cause consternation in the mind of any ordinary man. The under sheriff did not seem to know what to think of the proceedings but kept his temper and was [illegible] until the sheriff [illegible] and started to remove the badge from the coat of his assistant. At this the under sheriff seemed about to make a protest when the sheriff said:

Come now, let me take it off. I only want to put it on again and he produced a handsome gold badge set with rubies which he [illegible] and attached to the coat of the under sheriff. It was a gift from the official friends of Mr. Harrigar.

ARRESTED AT OURAY

Special to the Gazette.

Ouray June 12.—In response to a telegram from the sheriff of Ouray county, 40 miles [illegible] of Ouray, one alleged Italian named Edgar arrested here at the Hotel Wilson is [illegible] awaiting his being [illegible] until the arrival of the sheriff from Washington.

PRIEST WOULD LEAD A RESCUE PARTY

West Newton Pa., June 12.—Rev. Father Carroll of Smithton says that some of the men in the burning mine are yet alive and asked tonight that he be permitted to lead a relief party.

I have four experienced miners from the coke regions, he said, who will go into the shaft with me. I will go 10 yards ahead and will bring out the men alive or dead.

Someone spoke of removing the plugs in the river bed and [illegible] letting the water into the mine.

That would be wrong, said Father Carroll, at least until the mine has been closed up several days.

Father Carroll has offered a reward of $2,000 to any party that will recover the bodies in the fire or rescue the entombed men alive.

[illegible] and Father Carroll against going to the mine.

Another explosion took place in the Port Royal mines at 4 o'clock this afternoon in No. 2 shaft. It sent up a whirlwind of coal dust and smoke and proved conclusive that the gas is still active in the mines. It will probably be tomorrow afternoon before the mine rescue corps can get together for the purpose of deciding as to the advisability of making another attempt to discover the dead in the mine before flooding it. Coroner Wynne of Westmore and county commenced an inquiry into the cause of the disaster at the place this afternoon. Only two witnesses were examined. The inquest will probably occupy several days as the jury which is composed of well known business men seems determined to get at the cause of the disaster if it can be learned from any living person.

INDEPENDENCE TRIALS

Boston June 12.—The first of the series of trials of the patch [illegible] dence was finished today and the big wooden will not go out again until a few changes have been made to correct [illegible] defects brought out during the five days of sailing. These changes will be a shortening of the mast a reduction of the sail area and to the tenderness shown by the boat when on the wind and the substitution of a [illegible] for the balance affair which has not proved satisfactory. The mast will be shortened 10 feet, four feet being taken off the foot of the mainmast and six feet from the foot of the topmast. The red cloth in the sail area will run through the cutting off of two feet from the main sail and some slight changes in the head sails or a total of some 30 square feet. This reduction will lighten the top hamper a [illegible].

COLUMBIA DEGREES

New York, June 12.—Columbia university held its 147th annual commencement exercises today. Among the honorary degrees conferred were Doctor of Laws Rufus William Peckham associate justice of the supreme court of the United States; Master of Science Frank Gamewell, who conducted the defense at the siege of Peking; Master of Arts Theodore Low De Vinne and printographer.

A gift of $100,000 from an anonymous donor to be devoted to the establishment of a chair at Columbia university for the study and teaching of the Chinese language was announced by President Low.

WASHINGTON LEGISLATURE

Olympia, Wash., June 12.—The session of the Washington legislature adjourned tonight after passing a new capital [illegible] law and passing three bills vetoed by Governor Rodgers subsequently to the adjournment of the regular session last winter. These three bills were the Gedeon school book bill which abolishes state uniformity of text books and establishes a system of county option; a bill exempting veterans of the Philippine war from taxation and a bill amending the state printer's law. A bill was also passed striking out a reference to the woman commissioner in the Pan American exposition bill passed at the last session. The woman commissioner is now trying to enforce recognition through the courts but the latest bill puts an end to their hopes if Governor Rodgers signs it. The legislature was in session but two days.

Disappointed.

Our decorators have disappointed us in not getting our rooms ready when expected. A day or two more will be required to place us in working condition.

TWO IN ONE

COLORADO CITY LODGES WILL UNITE

Organizer Is Here and Has Decided to Merge Annuity Association and Modern Tontles

At a meeting of the American Annuity association to be held next Saturday night the American Annuities association will be merged into the Modern Tontles and a council of this order has been formed in Colorado City next fall The reason for the action is that the former lodge is not growing rapidly enough to make the members who have taken insurance in the safe and so it was decided to merge the lodge into the Modern Tontles council No 6 of which is in many respects similar to the annuity association

Rev C L Walker of Wichita Kansas is the organizer and promoter of the new lodge of this city He came here in last March and perfected the organization and since instituting the meetings there have been received every week At present the membership list contains the 100 mark and it is said that if the lodges make the showing of the Colorado City lodge it is likely that the state council charter to be taken out not to be needed Rev Mr Walker says that he has nothing against the lodge as it is but that the increase in membership is not enough to offset the high death rate which has been manifest in the lodge all over the country since its organization three years ago In all there are only about fifteen hundred members of the lodge The forty members of the American Annuity association will soon be nothing through the merging of the lodge into the Modern Tontles

CRUSHER AT REDUCTION WORKS HAS STARTED

The crusher at the Colorado Philadelphia reduction works was started again Tuesday afternoon and is now running The other parts of the old mill will be started as soon as repairs can be made which will be in a very short time at the rate they are progressing

By the starting of the crusher a number of men who were laid off when the mill closed down were again put to work It is thought that when the mill starts it will have enough ore in its bins to keep it going for some time and since the Portland mine in Cripple Creek has resumed operations it is likely that the supply of ore will not be so low for some time as it was at the time the mill closed down

BRIEF CITY ITEMS

HAY RIDE—A number of the young people of Colorado City are planning to have a hay ride in the near future

SOLD RESIDENCE—F J Schlemetz has sold his residence to La Vergne for a consideration of $5,000

ELECTION—Tonight have been set as election night in the Modern Tontles lodge and officers will be elected at that time for the next half year

SOCIAL—A strawberry social was given yesterday afternoon at the home of Dr and Mrs Winston from 4 to 7 o'clock The affair was well attended

ROBERTS—URIDD—John Roberts the man who was found dead in a room in the Brunswick hotel about ten days ago was buried from Boyle's undertaking rooms Tuesday afternoon The interment was in Fairview cemetery

BRICK WORK—The brick work on the new Wolcott building has been begun and 6 or 8 rows of brick laid

Brick was manufactured at the brick works north of the city and it is said to be very fine A large number of bricklayers are at work under Mr Strott the contractor

EASTSIDE SHOOT—The Eastside Gun club will hold its regular weekly shoot on their range north of the city this afternoon Most of the members of the club have signified their intention of entering the shoot and it is expected that it will be the best yet held by the newly organized club

LAST LECTURE—Prof N N Riddell the scientific lecturer who has been holding nightly lectures in the First Baptist church in this city gave his last talk Tuesday night The subject of this lecture was The Sermon on the Mount and the church was well filled with those who have been attending the course of lectures

NO RELATIVES THERE—A telegram pertaining to the funeral of the late Charles D Daniels who died suddenly last Saturday night was received by Mr Boyle yesterday from his wife Mrs Daniels said that her circumstances were not of the best and she would not be able to pay for the funeral She told him to telegraph to Mrs Asbury Williams in New York who was a relative of the deceased in regard to the matter which was promptly done Yesterday afternoon a telegram was received from New York saying that the message was unclaimed as Mr and Mrs Asbury Williams had both been dead a number of years The funeral will probably be held in a few days at the expense of the county

HAVING GOOD TIME—Postmaster Morgan has received a letter from Hon John R Watt who is now in San Francisco Mr Watt says that he is feeling fine and having a good time and that he will not be home for about two weeks Mrs Watt and family have been in San Diego all winter and Mr Watt went west to bring them home

EAGLES—It was expected that at the last meeting of the Eagles that order would decide to go to Denver for the purpose of participating in the street fair and carnival which the Denver lodge will give in the near future The Eagles did not take any definite action in the matter but talked some of having a celebration of their own at Woodland Park some time in the near future The celebration would be in the nature of an outing for the lodge and would only last a day There were many members of the lodge who would not be able to get away from their business for the Denver trip and it was thought best to keep what money the lodge would have to spend at home instead of taking it to the capital city The expenses of a special train and a band to Denver would be very heavy

PERSONAL MENTION

John L Walk has gone to Denver

Joseph Storms has gone to Denver for the summer

Forest Inspector Steinmetz has gone to the western part of the state for the purpose of looking after some more forest fires which have been brought to his notice

Rev N H Leo who has been here some time went to Manitou yesterday where he will remain all summer

T H Lee and R C Ford have gone to Ortega Colorado for the summer

Fred Farley and Mert Hiller have moved to Colorado Springs

Bert Woodruff has gone to Leadville where he has secured employment

T J Loften has gone to Pueblo to stay

F Boyle returned yesterday from Pueblo where he has been taking treatment at the hot springs for rheumatism He is very much improved

Misses Ray Valley and Carolyn Lewis who have been visiting friends in this city for a few days returned to Denver yesterday afternoon

T S O McDowell of Fairbury Ill was in the city yesterday visiting his brother J M McDowell who is cashier of the local bank Mr McDowell is a stockholder in the bank and is favorably impressed with the way the bank has started out in business He is cashier of the First National bank in Fairbury

An Excellent Combination.

BUTTONHOLE INTERVIEWS

A gentleman who is a frequent visitor to Colorado Springs and Denver said he would enter a complaint against the city stated in Tejon street Tuesday night admiring the new electric light sign which advertises the New York Havanas

That sign is all right said the visitor but it won't pay it will turn out a failure

The visitor explained his remark by saying that he always notices when he comes to Colorado Springs when the moon is shining all the city electric lights are turned out He thinks a city of the size and reputation of Colorado Springs should not depend upon the moon for light

Ching Gang who comes to Colorado Springs to assume charge of China Jim's store while the latter is in China for six months is a well educated chinaman speaking and writing the English language in an excellent manner

I have been in this country now for 26 years said Mr Gang last night I have been in San Francisco nearly all the time and have been in business there for and with China Jim He has had interests in San Francisco for a long time He will leave next week for China and will stop in San Francisco for a few days to buy some goods that we need here during the latter part of the summer

I expect to have a picnic at time here on the Fourth of July It will be the first time that I have spent a Fourth of July east of San Francisco and I am anxious to see how the day is celebrated in Colorado We have like celebrations of fireworks on the roof here now and they will be in next week

What team have had here this week said W W Wood to S N Nye last Sunday

Why the Kansas City team to be sure said Mr Nye

No it's the St Joe team said Mr Wood I have it here in this little book He produced a small book containing an alleged baseball schedule for the season That's right said Mr Nye as he scanned the book with his eyes I found that they were alike

As a matter of fact the book was wrong Kansas City plays here today and tomorrow and then St Joe gets three chances at the Millionaires The correct schedule was published in the Gazette April 5

FREIGHTERS ARE COMING IN HORDES

Manitou Will Have Train Loads of Them Tomorrow.

FROM DENVER CONVENTION

Delegates and Members of Their Families—Will Have Sunrise Excursion to Peak Saturday

Two special trains will bring the freight agents besides about 150 of the members of their families The freight agents have been in convention in Denver for the past two days and as soon as the convention adjourns tomorrow they will take a trip through the western part of the country in two special trains provided for them The first stop after leaving Denver will be Manitou where they will remain over night before proceeding west to Salt Lake With the freight agents there will be a number of other railway men making a party of 600

The first excursion to the summit of Pikes Peak this season will begin Saturday morning over the Cog road for the freight agents and their families The train will leave the Manitou station at 2 45 and will return to Manitou about 6 30 thus giving plenty of time to see the sights from the summit of Pikes Peak by night and after the sun has risen This is the only trip the party will make while in Manitou as they leave Saturday morning at 8 o'clock over the Colorado Midland for the west They will visit Cripple Creek Leadville and a number of other cities along the route

The party will include some of the best known freight agents in the United States and each delegate represents a local freight association The delegates were met in Denver by a committee of the Denver freight association and directed to their hotels While in Manitou the party will make the Cliff house their headquarters although they will be divided among the different hotels of the city all of which will be prepared for their accommodation The Barker Manitou Mansions and Sunnyside besides the Cliff will accommodate some of the freight agents over night T P Adams is president of the National freight association and is with the party He represents the Missouri Pacific and Iron Mountain railway systems and has been connected with some of the most important movements connected with the freight business of the country for a number of years past

When a man is concentrating his undivided attention upon the thing with which he is engaged he can render to those he serves results which reach the nearest possible degree of perfection Every man with ambition likes to succeed and should desire and diligently seek to excel Dr Ellison's conception of success and the best way to achieve it is that it is better to devote one's time to learning a few things well than to scatter the same amount of work over a more extensive field of effort He has been learning how to cure chronic disease for years In fact he is learning every day in a better way how to treat consumption asthma, catarrh hay fever and chronic diseases of men women and children Every day presents new thoughts and ideas of the most successful methods by which these diseases can be treated The doctor is as diligent in the study of these matters as he was years ago and all who suffer from seated diseases can employ him with a reasonable expectation that they will secure desired results People who decide to treat with him have reached an intelligent conclusion If you cannot come to his office write The treatment can be taken at your home Office 24 North Tejon street (over Coulson's grocery store) Office hours Mornings from 9 to 12 afternoons from 2 to 5 evenings from 7 to 8 o'clock Sundays from 2 to 3 p m

SECURING JURY FOR THE WISEMAN TRIAL

Welles Wiseman who is known as the king of cattle rustlers was placed on trial yesterday in the district court charged with the theft of six head of cattle from Samuel Altman's ranch in Lincoln county Nearly all yesterday afternoon was devoted to securing a jury and court adjourned after Henry McAllister who represents the prosecution made his opening address Judge Dixon of Pueblo county is presiding at the trial which is expected to last today and tomorrow

There is no direct evidence against the prisoner The cattle were stolen last December but were not missed until later A man named Landers who lives in this country bought them it is alleged from Wiseman Altman's brand on the cattle had been changed after they were stolen

In the second division of the district court Judge Owens of Leadville presided yesterday Most of the day was taken up by the trial of the case of Ellen S Massey vs Carin Hocklinson an appeal from the county court.

PFREGRINO RELEASED ON $600 BAIL

Francis J Peregrino who had been in jail ever since his arrest on the charge of robbing his friend P J Bernard was released yesterday under $600 bail furnished by five prominent men among local colored people The bondsmen were as follows Rev Washington Gladden Rev A A Burleigh J C Cooper F Wert and E C Milne

When Peregrino came here recently he announced that he was traveling to study the conditions of the colored race in this country He said he was born in Africa and educated in England

He want a drink of good cool mountain water and there will be signs provided so that their desires may be gratified

NEW SERVICE—A through service has been inaugurated on the High line Three cars will be running on this line all summer and as late into the fall as business warrants and this together with the new tourist service between Manitou and Colorado Springs makes a fast service into the latter place In former years the minute service has not been put on the High line until a good deal later in the summer

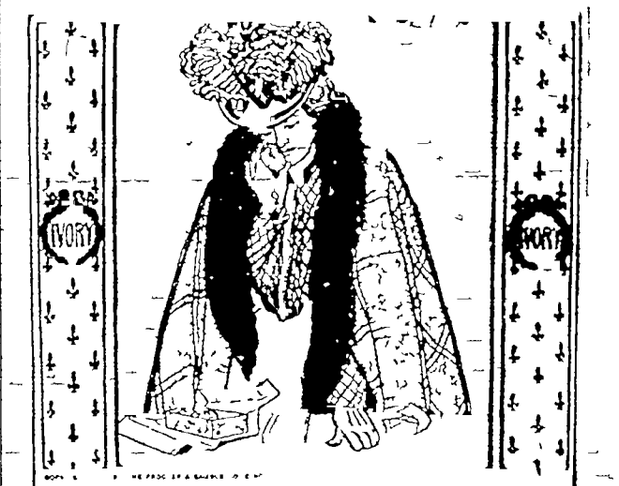
It is the food feel that keeps the fire of health glowing It is the strictly pure extract of malt—not black beer It is prepared by the famous Anheuser Busch Brewing Assn which fact guarantees the purity excellence and merit claimed for it

Gentrys Animal Actors

Gentry Brothers world famed trained animal exhibition will make its annual visit to this city in the near future This is one amusement enterprise that will never lose its charm for real life doom in the hearts of fronts of an indifferent public The Gentry Brothers shows have millions of admirers with whom their popularity is deep rooted and who will prevent animal acts from becoming a lost art The Gentrys have dogs ponies monkeys elephants and curious galore who do everything except actually talk and if science and further development can accomplish this we shall yet see our dumb friends passing the compliments of the season with each other and discussing the condition of the weather To many this statement will appear absurd as it literally speaking it is so but the idea meant to be conveyed is that the Gentry Brothers have the largest collection and most intelligent number of animal performers in the world Their New York show favors this city with a visit this time They is the oldest and largest of all the Gentry shows the people almost 300 perfectly trained animals requiring five cars to transport them The street parade, which takes place daily at eleven o'clock is in keeping with the performance proper, as it should not be missed by anyone June 18 afternoon and night



PARI AND PARCEL.

A DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance yet all these will not cleanse the skin! Has it ever occured to you that you pay big prices for these things? Do you care to buy five articles or do you require only one a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap.

IVORY SOAP—99 44/100 PER CENT. PURE

CEMETERY AID ASSOCIATION HELD MEETING

A meeting of the Cemetery Aid association was held yesterday at the residence of the president Mrs J W Alcock No 11 North Tejon street It was decided that the time would begin to do the work of raising money for the improvement of Evergreen cemetery

A novel plan was adopted for this purpose Mayor Robinson has given the ladies permission to hold socials in the parks on the nights of the band concerts The first of these socials will be held soon The women will serve refreshments from stands which will be erected in the parks

DEATH OF FREDERICK RIES YESTERDAY

Frederick Ries formerly of Philadelphia but for the last four years a resident of Colorado Springs died yesterday noon at St Francis hospital of meningitis He had suffered for the last three years at the home of Dr W C Allen in North Weber street

After having Mr Ries was taken suddenly ill and he was moved to the hospital He had been ill during his entire residence in this city but not until a day or two ago was his condition critical His relatives in Philadelphia were notified at once and his brother Harry Ries is expected here today

Funeral announcement will be made later It is believed that the remains will be sent east for burial

DECISION IN CONTEST BY ART STUDENTS

John Mitchell Organizer

Mitchell has not gained his position without struggle They were struggles which he forced His life has been a busy one He was born in Braidwood Ill in 1870 of Irish parentage His father was a miner He went to school when possible, until 19 years of age and then his parents being dead he got work on a farm At 13 he was working in the mines at 16 he had joined the Knights of Labor and was filled with the desire to travel started through the west working in the mines as he progressed and visiting all the states where there were mining operations At 18 he returned to Illinois a man knowing his fellowmen and imbued with the conviction that the miners conditions was deplorable and should be improved If organization could prove it At 19 he was elected president of the local assembly, Knights of Labor at Spring Valley Ill For the next five years he was active in labor matters attending district and state conventions and building a stock of information about mining In 1895 his first big step was taken he was elected secretary and treasurer of the district Ill of sub district, embracing all the organized territory of the state The same year he was made chairman of the legislative committee and stationed at Springfield to work for labor legislation The next year when the miners of the state went on strike he became a national organizer His rise then was rapid he was chosen to fill important positions in the United Mine Workers and the American Federation of Labor his prestige grew, and in January 1899 at Pittsburg he was elected president of the United Mine Workers and re elected in January of this year—(From Frank Leslie's Popular Monthly for June

Blood Poison

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood destroys the tissues and bones and eats like a canker sore into the flesh

This disease appears first in the form of a little sore or blister, soon the glands begin to swell pimples break out on the body, the mouth and throat become sore making it painful to eat or swallow, dreadful ulcers appear on the tongue, copper colored splotches and other characteristic signs of Blood Poison come as the disease progresses and the destructive virus takes deeper hold upon the system The medical men are as sorely perplexed over the character of this blood poison as ever, they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long, besides, they do not cure the disease permanently, as thousands know from experience.

OUR FREE HOME TREATMENT.

Our book on Contagious Blood Poison gives more information about this disease than you can possibly get from any other source. It describes accurately and fully the symptoms as they appear in each stage of the malady, enabling the reader to correctly diagnose his own case, and, by following the instructions laid down in this book, to successfully treat himself at home Should the patient need any special direction or advice, our physicians will be glad to correspond with and help him along in every possible way Don't hesitate to write fully about your condition, what you have to say about yourself will never go beyond our office. You can have the best medical advice and this valuable little book without any cost to you whatever Our physicians are in correspondence with hundreds all the time and have successfully treated thousands of cases Don't despair of a cure because something else has failed Soon sores will cease to form, and the unsightly, dirty splotches and eruptions grow fainter and paler, and finally disappear

S S S has for nearly 50 years been known and used as a remedy for this dreadful disease Gently but thoroughly it removes all traces of the poison without the least injury to the system THE SWIFT SPECIFIC CO. Atlanta Ga

MRS. GODDARD AND CITY LICENSES

IN A STATEMENT printed in the Gazette last Sunday relating to persons who had recently paid money to the city treasury on various accounts was the name of Mrs F C Goddard as having paid some $93 for dog licenses The real transaction is one which is highly creditable to the good heart and generous sympathy of this public spirited woman and splendid citizen but because her name accidentally happened to be associated with those who owed the city at the time Mr Hales shortage was discovered unthinking people might be misled thereby and malicious mischief makers might be given an opportunity for plying their nefarious profession It is due Mrs Goddard to fully explain her dealings with the city treasurer in matters relating to dog licenses Every year Mrs Goddard has been in the habit of paying a number of dog licenses These licenses are for dogs owned by boys and poor people who cannot well afford to pay licenses themselves but who are diligent and capable of taking good care of the animal This year she sent word to the city treasurer to set aside the first twenty licenses for her and send her the bill

The licenses were set aside but the bill was not sent Mr Evans she ordered made several more efforts to obtain the bill but it was not sent She says she requested the treasurer a number of times to let her know how much she owed but could not get a statement from him So finally she learned that on the first of May when the expert took charge of the office her name appeared as indebted to the city for $93 25 a sum which she had tried repeatedly to pay and which has since been paid

Any person who knows Mrs Goddard knows how thoroughly characteristic it is of her to always have a concern for the suffering or unfortunate whether human or beast.

The tangled affairs of the treasurers office and the slipshod methods of doing business which prevailed there make one wonder that two thirds of the people who had any dealings with it have not accounts of some kind in that department

This explanation we deem proper so that the people may clearly understand the circumstances under which Mrs Goddard happened to owe the city at the time of Mr Hales deposition from the treasurers office for the facts speak quite loudly enough for themselves to demonstrate that her name appeared as a delinquent solely because she was engaged in her usual work of doing good for someone else and by chance her dealings this time were with a careless public official

JUDGE PALMER AND THE MINISTERS.

JUDGE PALMER of the district court of Arapahoe county recently issued two injunctions against the police department of Denver One of them was to restrain the police from interfering with the sale of liquor by a certain restaurant on Sunday the other to prevent the police from stopping the sale of liquor to women at saloon bars

Whatever may be thought of the strict legality of these judicial acts there is no doubt that they were opposed to public morality and contrary to the ideas generally prevalent among our people and it is not surprising that newspapers clergymen and others should have been outspoken in their comments and should have one no need these injunctions as opposed to the public welfare and calculated to bring the courts into disrepute among right minded people And on the other hand it is not surprising that Judge Palmer smarting under the criticisms of some who were led by just indignation beyond the strict bounds of propriety should have taken occasion to emphasize the rights of the court to respect and have intimated the possibility that they might be called to account for some of their accusations against him

Public morality has always been recognized as one of the elements to be taken into consideration in the action of courts Strict impartiality is the function of the law only between those who stand upon an equal footing Against good morals is a determining factor in many cases and the discretion that is given to the judges and continually exercised by them ought to be used for the public interest. If Judge Palmer takes the position that the liquor sellers of Denver have rights under the law that he is bound to respect as long as the law remains as it is his position is one that cannot be disputed But if he takes the ground that the liquor seller who is trying to sell liquor on Sunday in the face of police regulation or the liquor seller who is preserving women at an open bar in violation of the moral sentiment of the community is entitled to the same consideration from his court as the police authorities or the anti saloon league then he is adopting a wrong and dangerous position and it is high time that the forces of law and order should begin such action as will result in placing the authority of the courts in safer hands

Judge Palmer further weakens his position by dragging equal suffrage into the question If the women insist on voting they should be allowed to drink whisky at a bar Is a fair summary of an argument which may fitly be characterized as brutal unreason It was one of the chief arguments in favor of woman suffrage that it would introduce a refining and an elevating influence into our political affairs The presence of women voters and of women office holders it was stated would make our communities better and our society more moral That ought to be true and it is true to a very large extent When women attend our county conventions the result is not that the women smoke but that the men cease smoking And the presence of women at the polls ought to result not in the throwing open of the avenues of vice without restriction to both sexes but in greater care in closing the path of evil influence to the young and in uplifting the moral tone of the entire community

We suspect however that in his indignation at his critics Judge Palmer has been led into an attitude that in his calmer moments he would not assume Judges are too often criticised for acts which they are directed by the law to perform and intimations of improper motives are often made without any good reason Nothing is to be gained by such accusations and except in cases where no doubt exists our judges should be given credit for a desire to uphold and enforce the law to promote morality and to advance the public welfare whenever the power to do so is committed to them by the law

THE GROWTH OF THE COLLEGE.

THE annual meeting of the board of control held in the midst of the festivities of commencement week becomes year by year a more serious and important occasion—the time in which the plans of a large and growing business enterprise are adjusted to another years demands. The fact that the business is not one of money making detracts not a whit from its serious character when we reflect that it is a business of mind making and besides having an ultimate aim of such concern to the state deals by the way in many matters which vitally affect the welfare of our community

The prosperity of the college has been remarkable The growth which eastern institutions made by a slow process of accretion the western college must achieve by rapid expansion or be left far behind in the race The latter alternative is one that the trustees of our college do not debate Themselves unaccustomed to rearward places they are led at present by a man who some years ago set mental picture of a noble university and year by year has caused his picture to take on a fuller outward embodiment so that at each anniversary it is seen passing on to its complete material fulfillment with the added impetus of the last years success

It is it is that in some respects ours is already overtaking eastern institutions The number of students on the college campus this year is about the same as at Amherst or Dartmouth or Bowdoin. The exchange of students is between equal grades in such colleges as these and our own corroborates other indications of parity of rank. The new Science building so much spoken of during the last year or two while it existed on paper only is now very nearly risen from that stage to take on the substantial form of brick and mortar so disposed as to present facilities of equipment worthy to be compared with any

For secure and permanent success however it is obvious that another element is needful in which the older institutions named are still distinctly the superiors of Colorado college Amherst has $1 600 000 endowment Bowdoin has $1 700 000 Dartmouth $2 500 000 These figures coupled with the evident truth that a given article for which money has to be paid cannot be permanently produced at Colorado Springs at greatly lower prices than it costs elsewhere show that President Slocum was making no extravagant demand when at yesterdays meeting of the trustees he asked for a million dollar endowment Some time ago a million dollars was a fabulous amount of money The United States has reached the era of a million dollar salary and in this age a million dollar college endowment is no astonishing wealth On the contrary the college which cannot obtain it is either a mediocre affair of low ambitions or else it is one which having proposed a noble aim has broken down in the attempt to realize it ruined by its own unappreciated and unsupported prosperity

EMPEROR WILLIAM AS A CHRISTIAN SCIENTIST.

THERE are several reasons why the doctrine of Christian Science should be attractive to Emperor William of Germany The idea that nothing is unless he thinks it is has been the mainspring of his political policy and the extension of it to his personal affairs would involve no inconsistency

The twentieth century emperor who in all serious business believes that he rules by divine right ought not to have any difficulty in believing that he is not sick when he is sick

Of course some day the emperor may come up against a toothache or a dynamite bomb both of which are destructive to a serene confidence in divine right and Christian Science but the possibility of such an event need not interfere with his pleasure in the meantime Better men than Emperor William have been Christian Scientists and have derived benefit from it and he should not be discriminated against merely because he is an emperor

THE MONROE DOCTRINE ON PAPER

A GERMAN newspaper declares that The Monroe doctrine is not worth the paper it is written on And another German newspaper has declared that the supreme court decision in the De Lima and Downes cases repeals the Monroe doctrine

As a matter of fact the Monroe doctrine is not written on paper by the supreme court or by anybody else

The Monroe doctrine is a part of the policy of this government It is not enacted by congress nor is any one of the interpretations or statements of it made from time to time by eminent Americans binding upon the American people The Monroe doctrine is simply the determination that the United States will not tolerate the interference of European powers with American affairs in a manner inconsistent with our interests We reserve the right to ourselves to decide when and under what conditions European interference will be considered injurious to us and when we may consider it harmful we will take such steps as are necessary to protect our interests

The Monroe doctrine cannot be written on paper It cannot be subject to a decision of any court It cannot be repealed by any action of congress any treaty with any other part of the world except that we have expressed our intention to let Europe alone as we demand that the countries of Europe shall let America alone.

The Monroe doctrine is a part of the will and the determination of the American people It remains in force as long as we are able to enforce that will and as long as we hold to our present opinion that the European political system must not be established on American territory

The latest advices from Cuba are to the effect that the Platt amendment will be accepted unconditionally The Cubans are becoming convinced that the administration is in earnest and the indefinite postponement of independence is not agreeable to them

The Colorado Agricultural college has issued a neat and convenient handbook giving information in regard to courses etc in attaining the same It is fully illustrated and copies may be had by those interested by addressing the college at Fort Collins

If Emperor Williams Christian Science goes to the extent of leading him to abolish his army and fleet and to rely on faith in case of war his new creed may prove to be a blessing indeed

The southern states will have 107 representatives in the next house of representatives and of these 7 will be apportioned on the negro population that has been or will be disfranchised

FROM THE PRESS OF THE NATION.

Mr Bryan Has Empire on the Brain

(Chicago Record Herald)

If William Jennings Bryan—would it not be well to write it so?—has the courage of his convictions he will just keep away until he can do so. Fighting with his country on His last contribution to the ignorance of his birthright of folly can be entitled only to short shrift and it contains all the distortions of fact and misconstructions of the opinion of the supreme court of the United States that the title implies

Mr Bryan has at all times a right to speak of the supreme court as the highest judicial tribunal in the land but he has at present not done it the honor to read the opinions of its decisions in the Insular cases before launching the thunderbolts of The Commoner against it

Of course Mr Bryan has read only the titles and reports of the court's decision before him portion which to base his prediction of the wreck of the republic and the creation of an absolute unconstitutional despotism or its like But even these reports contain not a single word that warrants his bold assumption of executive usurpation of congress or the form of our government

The entire joint and still of the decision in the Dooley case is contained in the sentence

We are of opinion that the Island of Puerto Rico is a territory appurtenant and belonging to the United States but not a part of the United States within the revenue clauses of the Constitution

The effect of this decision was not to make President McKinley emperor of Puerto Rico as Mr Bryan peevishly says but to relegate to the American people asking through congress as Justice White said the question of whether such Puerto Rico should be incorporated into the United States so that all clauses of the Constitution shall apply to it

The Record Herald believes that the opinion of the minority of the supreme court is the better and safer construction of the constitutional relation between the United States and newly acquired territory but it is the purest nonsense for Mr Bryan to read the decisions as he has done and to accept them as sufficient warrant for his declaration that the Constitution follows the flag and covers with its protection all persons who come under the jurisdiction of the United States

Throughout Mr Bryans diatribe he assumes that government by the people for the final settlement of all such questions involving the rights and powers of congress under the Constitution through the supreme court Not to get it through his head that in the United States even the Constitution with all its powers and all its restrictions is responsive to the will of the people

Artemus Ward on Professor Herron

(Chicago Record Herald)

That Professor Alls Artemus Ward could have been induced to interfere in the marriage of Professor George D Herron and Miss Carrie Rand And still he might have approved the caution which drove the parties to legal union in spite of their trumpeted contempt for the usages of the Social Ostracism the place of the cere mony in the spiritual assets of a mental healer Separated from high sounding and the high falutin metaphysics of the Rev William Thurston Brown must still have reminded him of his fun about visit to the colony of free lovers at Berlin Heights Ohio

These people he said—were earnest seekers who believed sufficiently and elaborately on their domestic theories without adding a chapter on the Divine Right of Kings Like fox hunting parsons and High Church reformers generally they said the Lord and Mr Worcester and they should not be disturbed in their style of argument

Mr Ward was assailed by a perfectly awful lookin female who bore the name of Mrs Ward exclaimed

Then thou let's that the cold world calls married This answered and seeing dialogue followed

Madam I protest

The eccentric female then clutched me frantically by the arm and hollered

You air goin O you air mine

carcely I replied in order to get free from her But she clung to me all the closer

You air mine affinerty

Upon that the Rev Mr Brown would have gladly sighed

We are here today to announce to the world the oneness of two human souls in a love that is true and manly for such to reproduce as to exhibit the peaceful beauty of that infinite love which sways and animates the universe This ceremony no one begins today that could not It has no beginning it can have no end

The preacher is incomplete according to the new gospel he has declared to be a killer of souls For years I have yearned for the I knowed that I was the world over somewhere tho I didn't know where My pard and he could hum and hook our gee He has been here—out air him—your air My affinity But Artemus Ward was not a poet He preached a little sermon all his days very different from Mr Brown's and he

I don't think it hurt him and believe he had good old fashioned institutions I am married and my wife is my best friend If I am a shot man I think you Affinity business is cussed too much besides being a tragedy is pickled Why don't you behave decent like other folks

It is the same old story told by with the same old moral and the same old logic Mysticism cannot alter the solid facts It cannot lift to the free kick experiment any family which has not possessed the moral restraints that I would shield They have been all of kind and all wrong but what can the glamour of casuistry and Professor Herrons eccentric [illegible] time before he was born The only security for the infatuated woman who has been gilt him and married him lies in the fact that she is in truth married against his principles and is saved from a terrible degrading thing he could not turn escape

True Sport

Hunting the cougar or mountain lion with hounds in Colorado is very exciting sport but when you exchange your rifle for a camera it becomes at once more difficult and adds a spice of danger Go with your rifle you can shoot the snarling growling ugly looking beast from a very safe distance but with a camera you must get from a range that encroaches uncomfortably on the danger zone The hounds must be the first consideration for without them the killing of a cougar becomes a mere accident The foxhound trained by running with older dogs and kept from running other game until he acquires the idea that cougars are the only game for him is the best all around dog for the purpose His best ally is a cross between a staghound and a sheepherd for this cold scent says the speed and quick snappy work of the staghound and the staying qualities of the shepherd As for the camera it must be of good size and the lenses of long focus to give as large images as possible The shutter must work with the utmost possible speed for many chances will be missed to glint of the dark green cedar or the pinon pine or occasionally in a spruce tree Then the light in mid winter is particularly the weakest and the most rapid plates are necessary —A C Wallihan in Frank Leslies Popular Monthly for June

REFRIGERATORS and ICE CHESTS

We have just received a carload of

The Celebrated "Wisconsin Peerless" Refrigerators.

These Refrigerators are MINERAL WOOL FILLED the most perfect non-conductor and most Economical in Consumption of Ice Made of best oak wood and finish SOLID BRONZE HARDWARE

You will save the Price in one season's Ice bill by buying the "PEERLESS" in preference to any other refrigerator

Texan Talks of Texas Heat and Oil

Hot—hotter, hottest—that's what it's down in Texas. Last Saturday it was 105 in the shade, and people were afraid to venture in the sun—thermometer could not register what it was," said a florid-faced southern gentleman, as he puffed great breaths of Colorado air in an endeavor to get his money's worth while he was here. The gentleman was Colonel H. A. Gibson, owner of a large ranch and plantation near San Antonio.

"Up here, you are hardly aware that it's hot, except for the summery look of the trees and vegetation. I always look forward to my summers here, for it gets too hot for me in Texas. No, better place than Texas in the winter, though. It's going to have great prosperity this year. The state is so immense that one cannot generalize the crops, but on the average, all parts of Texas are doing well. In the southern and eastern part the interest in oil has absorbed all other business ventures. The wild-cat rush which at first bladdered the real progress of the oil district has already subsided into a calmer and more substantial business basis. The discovery of oil is a great thing for all parts of Texas for what we need is immigration. Texas is a new country, with unlimited resources that need development."

Colonel Gibson was at the Alamo yesterday, but will spend the summer at Manitou.

To Buy Pipe Organ for Christian Church

The ladies of the First Christian church have made up their minds that a pipe organ is one of the necessities that their church is not going any longer. They are working and lots for the organ fund, and the latest addition to the church coffers was a rummage sale that is now in progress in one of the salesrooms of the Antlers hotel. Every kind of clothing for the sun is on sale for a mere song. The sale was crowded all day yesterday, and business was brisk, and in spite of the fact that the money was taken in in small penny amounts, quite a good sum is already realized. Many of the articles are new, having been donated by the leading merchants from their stock.

The ladies in charge are Mrs. D. P. Sill, Mrs. J. A. Ward, Mrs. A. L. Sill, Mrs. S. S. Bernard, Mrs. Ford, Mrs. Cornell, Mrs. Talbert, Mrs. Shell, Mrs. David, Mrs. Lowe, Mrs. Ford, Mrs. Morrison and others. The sale is in progress all day.

C. E. Convention in Session Tonight

Another tribute to Colorado Springs as a convention town will be demonstrated today, when the Christian Endeavorers from all over the state begin their annual convention. From all indications, this will be the largest gathering of Christian Endeavorers that has ever assembled in the state.

The musical and social features of the convention have been emphasized to an extent that will make this gathering particularly enjoyable. The best citizens of this city have volunteered their services, and the convention chorus, after much rehearsing and practice, will make its bow to the public. Friday afternoon, there will be a reception at North park in honor of visitors. A large tent will be put up and refreshments will be served. Saturday at 4:30 p. m., a trip over Short Line is planned—At Summit camp fire will be built and a hot lunch will be one of the delights of the trip. While camping here a religious service will be held, and a special musical program will be rendered. A special train will be chartered.

The First Presbyterian church will be used during the day time for the convention proper. The First Baptist church will be the place of meeting for the Junior Endeavor and in the evening the convention will assemble at the Temple theater. For several days, the local committee has been working at these places putting up decorations and the results are a credit to their labors. Many of the merchants of this city, in fact most of them, will decorate their windows in honor of the convention.

The convention begins its first session this evening at the Temple theater. The revised program for the evening is as follows:

H. R. Chapman, State President, Presiding.

7:30—Song Service, Clarence Bowers, Musical Director.

7:45—Devotional Exercises, Rev. T. C. Kirkwood, D.D.

8:00—Anthem.

8:00—Welcome of 1901 Committee, Rev. W. H. W. Boyle, Chairman.

8:10—Welcome of Colorado Springs Churches, Rev. J. R. Gregg, D.D.

8:20—Song, Mrs. H. H. Seldomridge.

8:30—Response, Rev. D. N. Beach, D.D., Denver.

8:35—Song—"Colorado For Christ."

8:45—Convention Sermon—"The Pattern in the Mount." Rev. C. W. Longren, Longmont.

Prayer and Benediction, Rev. C. B. Wilcox, Colorado Springs.

Daring Burglary in North End Residence

Three men daringly entered the home of E. Earle, 1813 Tejon street, yesterday and gave the house a thorough looking. Mrs. Earle was out at the time and returned just as the burglars had completed their search. They were busily helping themselves to wine on the cupboard. Mrs. Earle rushed out, gave the alarm, but by the time the police had arrived the marauders had escaped and were effectually concealed among the shrubbery along the railroad track.

On investigation it was found the burglars had entered through a second story window with the help of a ladder used by a laborer about the premises. They were evidently old-timers as they coolly searched the house from top to bottom, packing up the silverware in a grip, which they left in their haste to escape. As near as Mrs. Earle can ascertain, he is out $87.50 in money, a gold watch and a quantity of good liquor. Mrs. Earle was able to give a reliable description of one of the party, but as yet the police have not been able to find any trace of the daring trio.

MR. CRAMPTON'S SUMMER TERM.

George Crampton will commence his summer school of Voice Production and Singing at Perkins Fine Arts hall on Monday, June 10. A class in sight singing and ear training will be formed which students will be admitted free. Arrangements can be made for two or three private lessons weekly. Application for appointment may be made to 1 East Dale street. Mr. Crampton can be seen personally on Monday, Thursday and Friday mornings (11:30 to 1) at Perkins hall.

Waltham and Elgin watches are better than others, so are Columbia and Cleveland bicycles better than the later ones. A. O. Downs has them at 129 N. Tejon street.

HARNESS BROKE AND NEARLY CAUSED TROUBLE

Chief Daly had a thrilling experience on his way to the scene where the false alarm was turned in yesterday morning. Passing the fire station it is his custom to turn in and hitch. This time he concluded to hurry on to the fire. The horse, according to its explanation, failed to turn in and several pieces of the harness were broken before the chief could control the animal. This was not observed until he passed under an electric light when it was noticed that the breeching and other parts of the harness were broken. Nothing remained to keep the buggy from overrunning the horse. The presence of mind of the driver prevented a serious spill. By bracing himself against the dashboard he placed his feet against the horse and held the buggy off until the horse could be slowed down, and what might have been a serious accident was averted.

RUSSELL-CADWELL

A very pretty wedding took place at the First Presbyterian church last evening at 7:30 o'clock. The contracting parties were Miss C. Elisabeth Cadwell and Mr. Fred S. Russell. The bride and maid of honor, Miss Louise Durfee, escorted by the best usher, Mr. Merle Emerson, marched down the main aisle of the church to the altar, to the strains of Lohengrin's wedding march, where they were met by the groom and Dr. J. Wylie Shaw, best man. The ring service was used, Rev. Dr. W. H. W. Boyle officiating.

The bride was attired in a gown of white mousseline-de-soie, which was trimmed with Arabian lace. The maid of honor's dress was a dainty lavender. The church was handsomely decorated with palms and potted plants.

Immediately after the ceremony the bridal party left the church and were driven to their home, 431 Cooper avenue, where a reception was given their immediate friends.

Mr. and Mrs. Russell will be at home to their friends after July 1, at 431 Cooper avenue.

FLOWER MISSION

The flower mission department of the Frances Willard W. C. T. U., which has Mrs. M. Kleopfer as superintendent, will present the following program at the meeting this afternoon:

Devotional Exercises.
Song—"Let Us Grow as the Lilies."
Paper—"Jenny Cassady and Her Mission."
Song.
Reading—"The Message the Roses Brought."
Song—"The Master Stood in His Garden."
Poem—"Jenny Cassady's Birthday."
Offering.
Song.

The meeting will be held at 240 South Weber street.

FENCING CLUB TO BE ORGANIZED HERE

Local wielders of the foil and broadsword who have signified their willingness to organize a fencing club will meet next Tuesday evening at 8 o'clock at the home of Professor Louis A. H. Ahlers, in the south hall, opposite Cosburn library. The business to be discussed will be the selection of headquarters, election of officers, and other preliminary business.

The club will be in thorough working order by the end of next week, and as already over 40 fencing enthusiasts have signed, a large membership can safely be anticipated.

Captain Arthur Sutton, the local fencing instructor, says that there are 20 first-class amateur swordsmen in Colorado Springs, and the fencing contests that will be held here shortly, in which Denver and Pueblo fencers will participate, will demonstrate that this city can hold its own end in this particular line of athletics against any other city in the United States.

ANOTHER FIGHT IS ON THE BOOKS

The mill promoters have as good as arranged a match between Nels Robinson and W. W. Tuttle, both of Colorado City. It will be a 10-round go for a purse of $100 and 25 per cent of gate receipts. According to articles of agreement the men will weigh in at 135 and 140 pounds respectively. The mill will probably be pulled off at Woodland Park.

New Real Estate Firm.

Mr. W. H. B. Stote, recently of Kennedy & Stote, and well-known in real estate and investment circles, will, with his brother, Franklin A. Stote, compose the new firm of Stote Brothers. Mr. Franklin A. Stote has had much experience in the real estate business in Chicago and is now on his way here from New York City, where he has been on an extended business trip. Stote Brothers' office is at 16 DeGraff Building.

They will do a real estate, insurance and loan business along the most progressive lines.

GREAT BALL GAME.

At Woodland Park, Sunday, June 16, St. Joseph vs. Colorado Springs; 50c round trip, 50c. Trains leave at 7:30 a. m., 11:05 a. m. and special at 1:00 p. m. Tejon street station will be open for all trains. The 1 o'clock special will be run in two sections; first section will start from Tejon street station at 1 p. m. Colorado Midland railway.

UTAH EXCURSIONS.

Through the Heart of the Rocky Mountains.

Daily from July 1 to September 30, the Rio Grande Western Ry., in connection with either Denver & Rio Grande or Colorado Midland lines, will sell round trip tickets to Ogden and Salt Lake City at rate of $25 from Denver, Colorado Springs, Manitou, Pueblo, etc.

On June 21, 22, July 3 to 10, inclusive, and September 3 to 11, inclusive, rate will be $20 round-trip. On July 16, 17, 30, 31, August 11, 12, 13 and 24 rate will be $18 round trip. Proportionate rate from other points.

Bathing in Great Salt Lake—the human body cannot sink—is one of America's chief attractions. Then, in Salt Lake City there are Warm and Hot Sulphur Springs, the Salt Palace, the Great Mormon Temple, Tabernacle and Church Institutions, and numerous nearby canon and lake resorts. The trip from Colorado to Utah, including stop at all intermediate resorts, is the most scenic ride on the continent. Inquire of Ticket Agent Denver & Rio Grande or Colorado Midland, or Geo. W. Heintz, G. P. A., R. G. W. Ry., Salt Lake City, for copy of "City of the Saints."

$2.50—ROUND TRIP—$2.50.
CRIPPLE CREEK EXCURSION,
JUNE 16TH, VIA THE
SHORT LINE.

See for yourself the incomparable scenery of the Short Line by joining the excursion party on special train leaving D. & R. G. station 8 a. m. Sunday, June 16, at the low rate of $2.50. Purchase tickets at city office, 16 North Tejon street, in advance, or at D. & R. G. station.

PERSONAL MENTION

N. N. Dixon of Pueblo, is at the Alamo.

J. J. Daly of Denver, is at the Spaulding house.

M. D. Shurrett of Florissant, is at the Spaulding house.

T. Marion Crawford of Salina, Kan., is at the Elk hotel.

A. M. Ferguson and A. L. Pasley of Denver, are at the Elk.

H. Foster Bain of Idaho Springs, is registered at the Alta Vista.

Mr. and Mrs. E. S. Joslyn left this week for Santa Barbara, Calif.

The Kansas City Blues, 15 of them, are registered at the La Veta.

Mr. and Mrs. G. N. Thomas of Fond du Lac, Wis., are at the La Veta.

A. M. Gaines of Leadville, is in the city. He is stopping at the Alamo.

Mr. and Mrs. Edward Kilfeather of Spokane, Wash., are at the Elk hotel.

William Hathaway and wife of Chicago, have taken apartments at the La Veta.

R. S. McCarthy and E. H. Drummond of Salt Lake City, are at the La Veta hotel.

Mr. and Mrs. G. E. Long of Morrison, were among the arrivals at the Alta Vista.

Milton Tootle and son of St. Joe, are guests of Mr. and Mrs. James Burns at the Alta Vista.

Mr. and Mrs. P. H. Donnithorpe of Sioux City, Iowa, have taken apartments at the Elk hotel.

Frederick Hitchcock Morley returned yesterday. He will spend the summer at his home on Wood avenue.

H. S. Rogers left on Tuesday for Warsaw, Ill., to visit his mother, who lives there. He will be away several months.

John S. Adams of New York, who usually spends part of his summers here, is at the Alta Vista for a considerable stay.

Denver arrivals at the Alamo yesterday were F. E. Fleming, L. L. Ewing, J. W. Graham, J. C. Helm, W. J. Spray, D. W. Dunbar and H. L. Denison.

W. L. Linney and son of Louisville, Ky., are visiting in the city. Mr. Linney is employed in the composing rooms of the Louisville Post.

Miss M. E. Hempstead, who visited here recently, was called to the east from Canon City several days ago to attend the funeral of her brother.

General and Mrs. Wheaton and Miss Wheaton will arrive in the Springs soon. They are to be guests of Mr. and Mrs. F. H. Morley, 1321 Wood avenue.

M. J. Patterson, John J. Vandemer, Mr. and Mrs. J. R. Kennedy, Mr. and Mrs. George Q. Richmond and C. E. Scott of Denver, were among the late arrivals at the Alta Vista.

Mr. and Mrs. William Pitts, of Denver, who were married recently, passed through this city, Tuesday, on their honeymoon tour. They will stop here for some time on their return.

Miss Virgie Estill of this city and Miss Bradshaw, who has been attending Colorado college, left over the Rock Island last night for Chicago. Mr. Bradshaw, who came from Chicago to attend commencement exercises at the college, returned with them.

Mrs. W. C. Cochrane and children, Miss Stella Waddell, A. E. Estes, Mr. and Mrs. W. T. Cowden, Mrs. H. E. Crowley and children and Mrs. J. M. Cowden and children of Midland, Texas, are a party of tourists that arrived yesterday at the Spaulding house. They will spend the summer at Manitou.

City Teachers' Examination.

There will be an examination of persons desiring to teach in the public schools of Colorado Springs, June 18 and 19, in the High school building. The sessions will begin at 8:30 a. m and 1:30 p. m.

Don't Buy Prospect Mining Stock Unless It Is Underwritten

In Buying Underwritten Stocks You Make a Gold Bond Investment With a Stock Speculation

IF the Company in which you buy stock is underwritten and fails for any reason you still have the Underwriters Gold Bonds to realize on for the full price your stock cost.

Underwritten stock is protected by Gold Bonds for every cent the Company sells it for. At maturity the bonds become payable to the holder and if they repay the full price the stock cost, leaving the stock in the stockholders hands a clear gain.

There is no safer investment in the world than underwritten stocks. If the stock proves a bonanza you have doubled your money many times over. If it does not your gold bond has saved the money you invested and the safety of the principal is always the most important part—of any investment. There is no chance to lose what you invest in underwritten stocks with an ever recurring possibility of doubling your investment.

California Gold Bonds protected by securities held in trust by the California Safe Deposit & Trust Co. are the safest investment ever offered in the United States.

GOLD COIN DEVELOPMENT

Extensive Work Will Soon Begin at 1125-Foot Level---Mabel M Output --Alleged Strike on Mt. Pisgah.

Special to the Gazette.

Cripple Creek, June 13.—The shaft of the Gold Coin mine is now down to a depth of about 1111 feet. The station at the 1100-foot level is completed and the 1175-foot point is being held. The company is now hoisting good ore from the 850 foot level and also from the 1000 foot level. As soon as the work of cutting the station and putting down the sump is completed extensive development will be conducted at this depth. The drift to the east from the 850 foot level is looking well for a fair amount of development work, which has been accomplished.

The electric drills recently installed at the Mabel M. company's property on Beacon Hill are giving entire satisfaction and as soon as the operation of them is more completely in hand by the men they will be quite an acquisition as the company's Triple Tree Woods Investment company will shortly install the electric drills at the Little Mattie, the Max Pelle of the Gold Exploration company and at the Elsmere Lease on block 14 of the Cameron townsite.

The [illegible] from the Mabel M. [illegible] is of ore that averages [illegible] ounces to the ounce. This is a decided increase over the usual output and is in accordance with increased production that is being made in most of the mines of the camp. The bulk of the ores from the first and second levels where the drifts are being worked is the first level of the property is of a milling grade. Both the veins will be opened by the drifts on the main west vein of the property and will have a survey [illegible] as soon as possible in order to [illegible] both the cross cut to the west shall be continued further on to the body existing in the west vein.

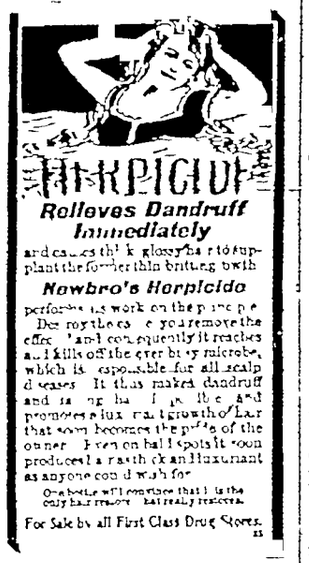
It is reported that a large body of rich ore has been found on the north slope of Mt. Pisgah on Bridge creek about four miles out east of here. There is no confirmation of the report although it is said that prospectors in that locality have opened a three foot vein that gives high assays.

A new 50 ton ore house has been erected on the Tramway by Jerry White to accommodate the production which will probably be made from the 1000 foot level. There is a large body of ore exposed. The average monthly production has been running about 900 tons per month of 340 ore.

The Denver Leasing company operating the Victor Consolidated Extension on Battle mountain [illegible] the shaft for another 40 feet, putting it down to the 200-foot level. At this depth development work opened up a promising vein which is thought to be the same as that being worked out by the Mint company 100 feet north of the crosscut. The leasing company will develop the vein at the greater depth.

The crosscut to connect the Clarendon & Hecla [illegible] is in the Whisper Horse has been run to about 45 feet from the contact and a good deal of ore has been opened up in this development work. It is not likely that mining in the Gleason shaft will be continued until a larger hoisting plant is installed.

Three carloads of ore are ready to ship out from the Whisper on the Dante. They are supplied by Lessers Stumpf & Meyer. The bulk of the ore is from the second level of the Dante and three more carloads will be sent out by the end of the week. The values are about $11 to the ton for the rock.



HERPICIDE
Relieves Dandruff Immediately
and causes thick glossy hair to supplant the former thin brittle with
Newbro's Herpicide
performs its work on the principle
Destroys the germ—the cause of the effect—and consequently it reaches and kills off the over busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and its ugly habits impossible and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces a rich and luxuriant growth as anyone could wish for.
One bottle will convince that it is the only hair restorer that really restores.
For Sale by all First Class Drug Stores.

CRIPPLE CREEK'S ACTIVITY IS BEATING ALL RECORDS

New Strikes New Shippers, Heavier Productions From the Big Mines Scarcity of Cars and Glutted Mills Is the Order of the Day --The Outlook Was Never Brighter- Market Reflects the Condition

The activity in the Cripple Creek gold fields is unprecedented. It is thought that by the end of the month the output will be running a production which will be ahead of any previous month. Reports from all quarters are of the most encouraging nature. Not only are many new shippers being added to the list but the larger producers are increasing their production as rapidly as they are able to arrange the necessary facilities and notwithstanding the dozens of new freight cars supplied by the railroads the scarcity of cars is causing considerable trouble to shippers.

Is there a limit to production? Almost twice what it was three months ago and its productiveness is now only in its infancy. Battle Mountain has two new shippers in Bell and Cleopatra. Bull Hill is showing up better than it has for some months and promises to again be a factor in the camp's activity while Raven and Gold Hill are contributing their share.

The Portland company is getting ready to sink and is arranging to increase its force on Stratton's Independence. The Elkton will soon make an increase from 200 to 225 tons daily. The Gold Coin is shipping an average of 150 tons a day and are also the Vindicator, Golden Cycle, Strong Boy, Jack Pot and Pinkerton. All are reaching the first and second levels where the first level of the company is developed at both the veins will be opened. The drifted on the main west vein of the property and will have a survey [illegible] as soon as possible in order to [illegible] both the cross cut to the west shall be continued further on to the

The Portland company is getting ready to sink and is arranging to increase its force on Stratton's Independence. The Elkton will soon make an increase from 200 to 225 tons daily. The Gold Coin is shipping an average of 150 tons a day and are also the Vindicator, Golden Cycle, Strong Boy, Jack Pot and Pinkerton. All are reaching the first and second levels where the first level of the company is developed at both the veins will be opened. The drifted on the main west vein of the property and will have a survey [illegible] as soon as possible in order to [illegible] both the cross cut to the west shall be continued further on to the

making a better showing than in many months. In a short time the Mint will be shipping heavily and it is understood that the Anchoria with even more loading better than many people suppose will be making a large output. The discovery of good ore in the Moon Anchor will mean a large production there as soon as the company is able to undertake such and Stratton's Independence are just beginning to produce. The outlook was never brighter for Cripple Creek as a whole than it is now. The important discoveries which are being made at great depth, the opening of rich ore in such a manner and quantities as is now being done on Beacon Hill, the active prospecting on Tenderfoot and Celeste hills all promise great things for the future.

The tonnage which is being received at the mills and smelters almost every day indicates the increasing activity of the camp. The plants at Florence have been obliged to cut contracts to increase the ore capacities and the mills of Colorado City are receiving several more cars a day than they were a week ago. The Colorado Philadelphia plant alone has been receiving two cars a day and in the last three days and the management has given rush orders to complete the repairs by which the mill was closed down last week. The crusher has been started and in a few days the entire plant will be in operation.

The market is following along behind the inspiriting example set by the camp. Stocks grow stronger every day and yesterday was one of the best days seen on change in months. It is predicted that when the summer tourist season is in full swing and the Trans-Mississippi Congress meets at Cripple Creek and it is seen what a wonderful record the camp is making, what a great advancement the new road is the $1,000,000 line which was built by the mine owners that mining stocks will fully participate in the prosperity of the mines and mills.

NATIONAL MAKES A STRIKE

Good Ore Shoot Being Opened on the Third Level- -Machine Drills Started and Active Development Will Be Pushed

A strike has been made in the third level of the Last Chance claim belonging to the National company in Poverty gulch. The shaft house on the property was expected to be completed and from the second level some good values were run into and now there is a good streak of pay ore from which a shipment is being saved. The ore looks extremely well and the vein in some ways stronger. The shoot was first opened last week and has been fairly continuous although the main body of ore is not expected for a few feet yet.

Machine drills have just been put to work in the mine and good progress is now being made with the work. As soon as the third level is opened up so that stoping can begin a crosscut will be run out to the vein on the fourth and the shoot again opened. The shaft on the property is down to a depth of 480 feet and it will probably be sunk to the 500 foot point as soon as the development work has been started in the fourth level.

The National is located on Cole Hill adjoining the Marinoka and not far from the Pointer Mint and other well known properties. The mine has shown some very rich specimens of ore at times and has been a desultory shipper for some months. It looks now as if the shoot which is being opened on the third level is of a more continuous character than has yet been exposed.

SIRATION'S INDEPENDENCE OUTPUT

An Even Quarter of a Million Produced in May---A Larger Amount Will Be Shipped This Month --Good Development Work Progressing

Stratton's Independence mine made another great output during May and will do better in June. The May tonnage was 6,000 tons of which the gross value was $250,000. This is at the rate of $3,000 for a quarter almost enough to justify the old dividend of $450,000 and when this output is being maintained the most vigorous development work is being done in the mine which does not correspond to the policy of the present management.

The output for June is expected to be fully 250 tons and the grade of ore is expected to run about the same. The properties is shipping 200 tons daily but an increase will be made to about 225 tons within a few days.

The shaft is now being pushed downward as rapidly as possible and is between 1100 and 1200 feet deep. Although a station has been cut at the 1100 foot point no lateral work is being done there or at the 1000 foot point either. The winze from the 950 foot level has gained a considerable depth and is still showing the smelting values which were first opened when the level was run. In several other portions of the mine the property is looking extremely well and the development work which is being carried on is opening up some of the richest reserves in the mine.

Mr. Hammond has recently concluded an inspection of the mine and was greatly pleased with the showing and during a very satisfactory report to the London office covering in substance the facts as given above.

MOON-ANCHOR SHIPMENTS

Amounted to Nearly $6,000 Gross in May---Two Sets of Lessees Now Working---Company Will Not Start July 1.

The output of the Moon Anchor company for May has just been made up and it is found that a total of 194 tons of a gross value of $5,949 was produced during the month. This output was made by the two sets of lessees which remain on the property and all came from the old shaft. These lessees were working now but their terms will shortly expire and no renewal will be given according to the present intention of the management. It is contemplating working the entire property on company account.

The main shaft is now idle ready for work to be taken up by the company when such a decision is reached. It was reported in a local paper some days ago that work would be started July 1, but this is totally denied the statement being made that work will be commenced as rapidly as possible.

MINING NOTES AROUND TOWN

Returns received on all but four carloads marketed from the Elkton on the New Haven contain gold values of about $60 to the ton. This is one of the highest ores that has been produced in recent months, and is expected to be settled for at the rate of about $35 in gold to the ton. The ore is coming from the 700 foot level and all efforts to locate the shoot in the 1000 foot level having proven unsatisfactory the lessees have given up the lease. While no [illegible] work is being done on the claim but it is probable that the property will be installed over the new shaft and operations started immediately.

STATE MINING

LEADVILLE

The Fryer Hill Mining company, of which Mr. C. H. Whipple, Dr. Hollenberger and Dr. Bullin are members, is preparing to develop its property. A drill will be put on in Big Evans gulch. The company has a lease on the Jersey and the North Side claims are located on the northern slope of Fryer hill. The claim extends a considerable distance into the gulch. Recently prospecting for iron has been done in the old workings of the mine but new territory will be investigated. A drill will be put down in the bottom of the Jersey shaft and a test to the granite if a sufficient indication of ore

[illegible] are not encountered before reaching it. It is known that the adjacent property is equipped with the necessary conditions and if it is found that in that locality the granite is quite near the surface and it has been supposed that as the formation crops out a short distance to the north the ore would be in close proximity to the surface, that mine will be brought into active operation this summer.—Citizen.

MUST BELIEVE IT

When Well known Colorado Springs People Tell It So Plainly.

When public endorsement is made by a representative citizen of Colorado Springs the proof is positive. You must believe it. Read this testimony. Every backache sufferer every man, woman or child with any kidney trouble will find profit in the reading.

Mr. David DeCraff of 30 North Weber street, says: If I did not find that Doan's Kidney Pills keep kidney complaint [illegible] I would not have helped me from the first dose I took. I never would have thought some half dozen boxes at the Smith Wilson Drug Co.'s store, 21 North Tejon street, neither would I have given two boxes to a friend of mine interested in mining property nor could I be induced to recommend the preparation.

Remember the name—Doan's—and take no substitute.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, June 12.—Investment stocks were the feature of the business in the local exchange for the forenoon session. The strength in the stocks that were dealt in was reflected in the prices, all of which were carried over at the forenoon call. The final call of the session was very strong, with the bulk of the transactions still in investment stocks. The strength in the stocks was attributed to the fact that the Portland will soon be in operation, which will be a good thing for the camp. The Portland is the mine which has been shipping the high-grade ore. The strength in the stocks was also attributed to the fact that the Portland will soon be in operation, which will be a good thing for the camp. The Portland is the mine which has been shipping the high-grade ore.

GAMES TODAY

[illegible] at Omaha
Des Moines at St. Paul
[illegible] at Denver
Kansas City at Colorado Springs

The Kansas City ball players defeated Hufford's merchant chasers further into the cellar in the fool of the ladies yesterday afternoon in a closely contested game by the score of 3 to 2. It was a rattling fast battle between the two clubs from the time the ball was first pitched over the plate until the last man was retired, but the visitors managed to get the better of it. During the fifth inning however a little stick work would have won the game for Carey. The bases were filled by Lewis and Hempstead, the Browns with no one out. Weimer was equal to the emergency however, striking out two men and forcing Hempstead out on a fly to center. This was the only inning that looked good for the Springs during the rest of the game no such opportunity presenting itself. In the fourth Hemphill honored a great deal of enthusiasm for the fans by his home run over the left field fence giving the Millionaires the first tally.

The game was replete with fine plays on both sides. Selna's throw to first and Hollahan's juggling and recovering in his garden which gave the Kansas City's two runs lost the game for the Millionaires.

Weimer pitched fine ball keeping the hits scattered and holding the Springs down until the fifth inning. Harrison at the bat and O'Brien at first played good work with the stick. He was given much encouragement.

O'Brien got himself in dispute of favor with the fans by two acts. It seemed to be fine for sports like Weimer to ask the umpire to call foul tips when first baseman O'Brien was the victim, but it did not settle the ball cut by Gaston. A little later when Lange was running from first to third O'Brien gave him a push. The lights little Irishman gave the visiting player to understand that he must take a good deal of guff and refrain from getting even with the fans.

Kansas City will play here again today and the game is likely to be of every respect as good as that of yesterday. Both teams would like to win the Million Dollar Cup in order that they may be able to kick coming to Colorado Springs.

SAINTS WIN FROM GRIZZLIES

The Visitors Hit the Ball at the Critical Periods

THIRD INNING WAS FATAL

Butler Goes Up in the Air in Unlucky Seventh and the Saints Lose the Game

Special to the Gazette

Denver June 12—St. Joseph won the first game of the series from Denver in today's game at Broadway park. It was their first appearance in this city this season and they had little difficulty in walking off victors. A cloud of dust hit the field throughout the game which made it almost impossible for the players to field the ball. The visitors outbatted the Grizzlies and their hits were when most needed. In the fielding they also showed up in good form while the Denver boys could not handle the ball making several bad errors. The Saints took the lead in the third by pounding the ball for five singles giving them three runs. In the fourth Denver took a brace and tied the score. Hickey and Butler singled and Jones drove the ball to left for four bases. In the fifth Denver scored on errors by Huls, Hunt and Lindsay and the game looked very encouraging to the 50 fans who were present. In the seventh Butler went up in the air and the Saints walked off with four runs and the game on singles by Hickey Hanna, Lange and three bases by Schrall and McHibbon. Score:

The innings

AMERICAN LEAGUE.

BOTH TEAMS BAT

Both teams batted freely today but Harper held Kelly's men down in good style and won a closely contested game by the score of 3 to 2. It was a fast battle between the two clubs from the time the ball was first pitched over the plate until the last man was retired, but the visitors managed to get the better of it. During the fifth inning however a little stick work would have won the game for Carey. The bases were filled by Lewis and Hempstead, the Browns with no one out. Weimer was equal to the emergency however, striking out two men and forcing Hemphill out on a fly to center. This was the only inning that looked good for the Springs during the rest of the game no such opportunity presenting itself. In the fourth Hemphill honored a great deal of enthusiasm for the fans by his home run over the left field fence giving the Millionaires the first tally.

The game was replete with fine plays on both sides. Selna's throw to first and Hollahan's juggling and recovering in his garden which gave the Kansas City's two runs lost the game for the Millionaires.

Weimer pitched fine ball keeping the hits scattered and holding the Springs down until the fifth inning. Harrison at the bat and O'Brien at first played good work with the stick. He was given much encouragement.

O'Brien got himself in dispute of favor with the fans by two acts. It seemed to be fine for sports like Weimer to ask the umpire to call foul tips when first baseman O'Brien was the victim, but it did not settle the ball cut by Gaston. A little later when Lange was running from first to third O'Brien gave him a push. The lights little Irishman gave the visiting player to understand that he must take a good deal of guff and refrain from getting even with the fans. It will take a good deal of guff hereafter to set O'Brien right with the fans.

Kansas City will play here again today and the game is likely to be of every respect as good as that of yesterday. Both teams would like to win the Million Dollar Cup in order that they may be able to kick coming to Colorado Springs. But if they do not the kind of ball they played yesterday there is not going to be any kick coming.

COOKI.
DANDRUFF CURE

Praised by 46 Persons Who Obtained Free Samples at The Hefley Arcularius Drug Co., F. L. Gutmann and Robinson Drug Co. Drug Stores.

From Day to Day the Facts of This Investigation Will be Published in the Gazette

The tests so far have gone to show that Coke Dandruff Cure produces favorable results with a degree of quickness never before known in the treatment of dandruff and scalp trouble. People who have tried other hair preparations without results claim the first application of Coke Dandruff Cure caused every trace of the disease to disappear.

COKE DANDRUFF CURE WILL

cure dandruff, heal, soothe and cure any irritation of the scalp, saves and stops falling hair and assures a good vigorous growth.

Ask your family druggist and Barber for sale. Will sell drug stores. Barbers use it.

For sale by The Hefley Arcularius Drug Co., F. L. Gutmann and the Robinson Drug Co. All barbers use and recommend it.

Race Meet Booked For Next Month

The Colorado Springs Racing association have made arrangements to hold their mid summer race meet on the middle of July to last one week beginning July 15. The races will start on Saturday and special features have been arranged to celebrate the fact. Starting Monday again they will continue through the week. The horses are now at Denver and will be taken there to Gillett for the July meet then here. By this time the association figures a number of others will be ready to join. The purses have not yet been arranged but it is the intention to have one harness event and four running races every afternoon. With that there a great number of racing people will be here and they are of the class of people who will be greatly interested in running races.

SAN FRANCISCO STRIKE FOR AN UNUSUAL CAUSE

San Francisco June 12—The strike of the journeymen butchers which for several days has been impending went into effect at 10 o'clock this morning and at noon the strike committee of the union made a statement that about 1,100 journeymen meat cutters slaughter men and drivers had left their employment. The causes leading up to the strike are unusual. The question at issue is the displaying of union cards by retail butchers. Wages and hours are not involved.

The strike was the culmination of a long controversy. On the one hand the members of the union declined to patronize houses which failed to hang out union cards after granting union demands as to the work and wage schedules and on the other the wholesalers at the request of a majority of the retailers as their claim declared that they would not sell meat to union houses. Yesterday the news went out that the Wholesale Butchers association had given notice to all retailers to withdraw the union card by 10 a. m. today or take the alternative of going without supply of meat.

Last night the union voted to strike in every shop at 10 a. m. today save those showing the union card provided the wholesalers demand was not withdrawn.

companies over whose lines they traveled. All business was suspended and the newspaper men with their families devoted themselves to sightseeing along the picturesque and historic Niagara frontier.

Luncheon was served on the Canadian side opposite the horseshoe.

PROGRESS AT PEKING

Berlin June 12—Contrary to newspaper statements that a serious hitch has occurred in the negotiations regarding the indemnity question it is asserted in authoritative quarters in Berlin that the negotiations are making satisfactory progress and that there is no doubt of an agreement being reached between the ministers of the powers themselves and between the Japanese-Chinese peace terms. Even if the negotiations should be prolonged for a week or two more

GIFTS TO PRINCETON

Princeton N. J. June 12—The closing exercises of Princeton's 154th commencement were held here today. President Patton announced today that $400,000 had been given the endowment fund not being mentioned for library maintenance. $100,000 to found a fellowship in philosophy and that $14,500 had already been raised for a new university gymnasium. Henry Clifford Little's gift of $10,000 for another dormitory was also announced.

HUNDREDS OF MEN ARE IDLE AT NEWPORT NEWS

Newport News Va. June 12—The Newport News Shipbuilding and Dry Dock company's yard has reached a critical stage. In addition to the striking machinists about 500 laborers and the boilermen from the electrical plumbing and pipe fitting departments laid off yesterday 150 more chippers laborers were laid off today. In each case action was due to interference by the strike in the progress of the work. If the department orders it is said that all other departments will be laid off as rapidly as they finish their work ahead of the machinists and when they can do no more without the air of the machinists.

At the present rate the yard will close down in a week.

The Business Men's association met today and appointed a committee to confer with the striking machinists and management as to arbitration could not be reached.

BODY IDENTIFIED

Lowell Mass. June 12—The woman whose headless body was found near here last Sunday and whose head was found yesterday was identified today as Mrs. Margaret Bonbin of Boston. The identification was made by Mrs. Margaret Casey of Lawrence sister of Mrs. Blondi. The dead man near whom Mr. Blondi found a French Canadian military ration last February. It is not known where the man is at present.

Boston June 12—Investigation here shows that Wilfred Bondreau of J. W. Hilton reached as fireman for Fobes Hayward & Co. here last September a week ago today. It is learned he began work as night engineer on Albany street. He left his work at o'clock this morning went to his room on Green street packed his trunk and disappeared.

PAID ITS CLAIMS BUT QUIT BUSINESS

New York June 12—The Jacksonville fire one New York fire insurance company retired today from active business. When the Florida loss was reported it was said that the Pacific Fire Insurance company of New York had been hit hard although the exact amount was not known. It developed today however that the company's losses as a result of that one fire aggregated $3,000 and that ate last night the company's risks were reinsured with the Westchester Fire Insurance company of New York. The contract of reinsurance went into effect today so that the Pacific which ranked high among the smaller fire insurance companies is no longer in business. The Jacksonville losses did not reach the Pacific for it had a surplus beyond all claims but it readily saw its way also to capital to such an extent that the directors decided to withdraw from the field. The Pacific had more than $5,000,000 of insurance in force which will be amply protected under the terms of the reinsurance deal.

Cures Piles
No Knife.

Mrs. Hinkley Indianapolis, writes: "The doctor said it must be an operation to cost $500 and little chance to survive. I chose Pyramid Pile Cure and one 50 cent box made me sound and well." All druggists sell it. Book on Piles, cause and cure, free by mail. Pyramid Drug Co., Marshall, Mich.

SHOT BY A NEGRO

Shreveport La. June 12—John G. Foster was killed on the Foster plantation five miles west of this city on the Vicksburg Shreveport & Pacific railway this morning by a man named Prince Edwards. There had been trouble between the overseers and negroes and Foster left the plantation store to go to the scene of the trouble. Twelve or fifteen negroes had gathered in a cabin and as Foster approached one of those in the cabin fired mortally wounding Foster. The negroes scattered but several bands of officers have succeeded in capturing all but Edwards who did the shooting.

Foster was 50 years of age and belonged to one of the leading families of Louisiana. Gov. McMillan of Tennessee is a brother in law of the dead man. There is great excitement in this vicinity and threats of lynching Edwards if apprehended are heard on all sides.

JESSIE MORRISON JURY

Eldorado Kan. June 12—The work of impanelling a jury in the case of Jesse Morrison was resumed this morning at 9 o'clock. When the four hundred and special jurors was exhausted 11 jurors having been passed for cause by the state. A special venire of 200 was then drawn from the jury box and a deputy sheriff was in every district with the subpoenas.

The defense renewed the motion filed yesterday for a continuance and was again refused.

TRINIDAD.

(Special Correspondence.)

Trinidad Colo. June 12—A. F. Stafford of the Santa Fe ticket agency here has gone to Denver. His accounts with the company are about $1,000 short. He has been acting his bigamist behalf for some time and before leaving Trinidad he confessed to many friends. His wife and children still live here. The surprise to many is no one to those who have watched his course recently. It is the same old story—a man who is a gambling. He leaves an excellent wife in poor state of health and a mortgaged home.

Jasper Hammond 35 years of age was shot twice by Ed Smith at a dance at Berwind Saturday night. Crabb passed through the thigh and one passed the wall of the bladder. Hammond was brought to the hospital where he died this morning. Smith received a gunshot wound in the back of the head and two more bullets during the evening but friends treated the matter lightly. The cause of the fatal shooting took place over the sheriff has been sent to arrest Smith and the coroner has gone to the scene of the trouble to inquest the case today.

Third has had a lively day. A meeting of the Woman's Christian Temperance Union was held during the afternoon and the organization of a Y. M. C. A. was effected. Many who had been passed for cause by the special jurors were accepted by the state.

Jason E. Wood, a prominent citizen of Walsenburg, was in the city today. Mr. and Mrs. W. H. Crabb left for Denver this morning. Mrs. Dr. Hall left for Denver this morning. Miss Lucy Hall returned to Walsenburg this morning. Mrs. Wood returned to Walsenburg this morning.

Trinidad Colo. June 12—The dead man found in the canon near Starkville has been identified as Jesse Morrison, a cowboy who had been working for the Hoehn Cattle company. He was last seen alive on the 4th inst. when he left Starkville for Trinidad. He had been drinking heavily and was in a quarrelsome mood. He had a fight with a man named Bill Hall and was thrown out of a saloon. He was found dead on the 5th inst. with a bullet hole in his head. Coroner Hoyt of Las Animas county has been notified and will hold an inquest.

QUONG WAH'S HOP JOINT WAS RAIDED

Last Fair and the Chief of Police and Detectives Make a Haul

Quong Wah, well known in the Celestial underground, is paying a fine in addition to the loss of the contents of his place in the name of Chung Ree Kee. Quong Wah was caught in the act of running a hop joint and was arrested by the police last night. Quong Wah's place was raided by Chief of Police Fair and Detectives Thompson and Hall. Quong Wah will be arraigned in the police court this morning and will plead guilty. He will be fined $100 and costs.

The raid was carefully planned and executed. The officers entered the place by the front door and found Quong Wah in the act of preparing a pipe for a customer. Quong Wah was placed under arrest and the officers searched the premises. They found a complete outfit for smoking opium, including pipes, lamps, etc. Quong Wah was taken to the police station and booked on a charge of keeping a gambling house. He was released on bail.

CHANGE IN ROUTE ON WAHSATCH LINE

The Colorado Springs & Suburban Railway company has made a slight change in the route of the Manitou-Cascade avenue line. It will start from the corner of Pikes Peak avenue and Cascade avenue instead of from the Santa Fe tracks at North Corona street as heretofore. The line will run from the corner of Pikes Peak avenue and Cascade avenue to Colorado avenue, thence to Colorado avenue to Cascade avenue, thence to Manitou. The change will be made on or about June 15.

To Pacific coast over Rio Grande R. R. Office 16 North Tejon street.

WHAT CAUSES DEAFNESS

The Principal Cause Is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble, this is probably overstated but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the lungs and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiacol, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it "You do not have to depend upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets, improvement and relief are apparent from the first tablet taken.

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

Nature's Help.

Nature, if left to herself, will do a whole lot towards repairing injured portions of the body. But when the muscles of the eye have been strained, nature has to be assisted; there is no use waiting to give nature a chance. The longer you wait, the more your eye will ache. The only way to stop it is to get good glasses to remove the strain.

GIDDINGS | STIRRING NEWS OF READY-TO-WEAR GARMENTS | GIDDINGS

Constant replenishing of the various stocks makes stirring news quite frequent in this department. The large purchases required have tremendous power in formulating regular prices at unmatchable low figures. They also give us foremost recognition when special offerings are to be obtained.

Timely Arrival of New Goods

Superb qualities, admirable styles, and honest prices are liberal features of these unmatchable new arrivals.

Golf Skirts
Many new features are introduced in these much-sought-after garments. Stylish features that are strikingly original and exclusively their own.
Prices, $9.00 and $10.00

Mohair Skirts
Cool, practical and elegant are these new black, cream and white effects. Entire skirt tucked and made amply full.
Price, $12.50

Linen Skirts
Handsome new line of linen walking and long skirts, made from shrunk linen, and with the late flounce effect, taped with stitched linen bands.
Prices, $3.50, $4.00, $6.00

China Silk Waists
Made unlined and are especially desirable for hot weather. Some are trimmed with lace and tucks; others with fascinating box plaits.
Price, $5.00

One-Fourth Off on All Tailor Suits

This sale affects every suit in this department.

This is an exceptional opportunity for women who admire the charms of styles that do not perish with the season. Not a style in the lot that cannot be worn for early fall. This sale (which started last week) has met with brilliant success because discriminating women of Colorado Springs readily realize the character and true economy in the goods advertised.

Popular Fabrics for Summer Frocks

French Undermuslins

Protesting that garments are tasteful and refined does not make them so.

It takes character, originality and neat sewing to make undermuslins above par. The French are known to be the most tasty and naturally their productions would be the same. See our exquisite assortment. Every garment made by hand.

Have you planned your summer gowns yet? Perhaps you are perplexed, can't make up your mind what to make them out of. If so come to Giddings; every desirable fabric that good taste demands is here to choose from. Then our courteous salesmen are ever ready to suggest new effects shown in

New Lace Curtains

Some 50 different styles came rolling in last week. Bewitching beautiful effects in ruffled scrim, ruffled nets and Arabian curtains.

Carpet Remnants Sale CONTINUED THIS WEEK

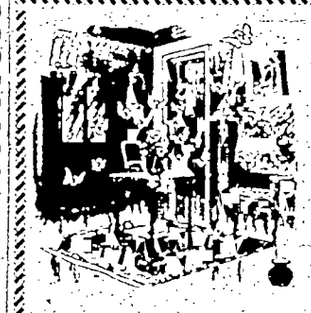
Wash Fabrics Wool Goods White Goods Silks

Concerning Housekeepers' Accessories

By exercising the closest scrutiny, only goods of the highest standard are admitted to this department. And it is only by vast purchasing that we can sell them at the prices marked. Linens, towels, sheets, pillow cases, muslins, etc., in a profusional variety.

Summer Underwear and Hosiery

Happily we pride ourselves on carrying the most perfect lines of underwear and hosiery in this city. Skill and cunning have procured for us a remarkable collection at even more remarkably low prices.



IDEAL FURNITURE

Art and Honesty in Every Piece at Quick Selling Prices.

We sell all the medium grades of furniture as well as the finest at the lowest prices, and you shall be the judge after inspecting our LARGE AND COMPLETE ASSORTMENT IN EVERY DEPARTMENT. New goods arriving daily, some specially good values in DRESSERS, $8.00 upwards; SCREENS, 75c upwards; ODD CHAIRS AND ROCKERS, GARDEN SWINGS, PORCH FURNITURE. See our Paper Bed Bolsters.
